Reference to Treasury Board *re* Extra Clerks.

AUDIT OFFICE, OTTAWA, June 27, 1900.

SIR,—In the *Hansard* of Friday last at page 8345 (unrevised), Sir Louis Davies, Minister of Marine and Fisheries, is reported to have said, during the discussion of an item of $47.62, in the supplementary estimates of the current fiscal year for P. Mungovan, employed by the Department of Justice as a temporary copyist, that the Department of Justice had sustained my view of the law in regard to the employment of certain persons in his department under somewhat similar circumstances, in the preparation of fishing bounty cheques.

The opinion of the Department of Justice, to which the Minister referred, must have been given on a reference to the Treasury Board from this office, dated July 16, 1897. The point at issue between the department and myself was in connection with the qualification of the persons concerned, under the Civil Service Act. So far as I can find, I have not been informed of the fate of my reference at the Treasury Board ; but it appears from the remarks of the Minister of Marine and Fisheries to which I have called attention, that the Department of Justice upheld my view of the law in regard to the appointment of temporary clerks at Ottawa.

It seems to me that the decision of the Treasury Board in this instance should have been communicated to me, together with a copy of the legal opinion upon which the decision was based. The reasons given by the Department of Justice in support of the opinion tendered the board would have been of great value to me in dealing with similar cases to those of which it treated ; and as cases of the kind continue to come up, I beg to request that you will cause to be sent me at your early convenience the decision of the Treasury Board to which I have reference, and a copy of the legal opinion upon which it was based, given, I presume, by Sir Oliver Mowat who was Minister of Justice at the time.

I am, sir, your obedient servant,

The Secretary, Treasury Board. J. L. McDOUGALL, *A.G.*

Difference in the Price paid for Tanks.

AUDIT OFFICE, OTTAWA, June 23, 1900.

SIR,—I beg to bring to your notice vouchers 833 and 8502, rendered by Thomas Shaw, Victoria, for five tanks for the lights at Cape Beale and Ivory Island.

Four of these tanks, the dimensions of which are given as 8 x 4 x 4, cost $83 each ; and the fifth, of exactly the same size, cost $117.88. In the former case the price appears to have been fixed by agreement or contract, while in the latter the following details are given :—

125 hours at 50c	$62 50
848 lbs. sheet steel at 6c	50 88
30 lbs. $\frac{3}{8}$ x $\frac{7}{8}$ rivets at 15c	4 50

Please let me have an explanation of the striking difference in price of the same article in the two cases.

I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries. J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, November 12, 1900.

SIR,—Referring to your letter of June 23 last requesting an explanation of the difference in price of tanks for lights at Cape Beale and Ivory Island, supplied by Thomas Shaw of Victoria, I am to inform you that the cause of difference in cost is attributable to the advance of 60 per cent in the price of iron plates in the interval between the two orders.

I am, sir, your obedient servant,

The Auditor General. JOHN HARDIE, *Act. Deputy Minister, M. & F.*

Refund of Expenditure not Explained,

AUDIT OFFICE, OTTAWA, October 2, 1900.

SIR,—I beg to ask for explanations of a refund of $41.36 made by the Agent of Marine at St. John on account of an overpayment to that amount to D. W. Clarke by cheque 14685.

The voucher furnished by Mr. Clarke in support of the amount paid him in the first instance has been certified by Mr. E. E. Prince, and does not show the particular item on which the overpayment occurred.

I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries. J. L. McDOUGALL, *A.G.*

Watches, &c., as Rewards for Saving Life.

AUDIT OFFICE, OTTAWA, September 27, 1900.

SIR,—I beg to call your attention to the absence of the certificate called for by section 33 of the Audit Act from two accounts rendered by Mr. A. Rosenthal, Ottawa, amounting to $105, and paid during last year by cheques 1645 and 13211. These accounts are for watches and a medal supplied the department for rewards for saving life. In connection with the purchases for this service, I would like to be informed of the nature of the record kept in the department of the disbursements made of the articles in question, and the authority under which each award is made.

I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries. J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, October 1, 1900.

SIR,—I have the honour to acknowledge the receipt of your letter of the 27th ultimo, inquiring in regard to rewards for saving life, and in reply I am to inform you that the reward in each case is made under special authority from the Minister of Marine and Fisheries, and a record is kept in the department of the disbursements made of the articles in question, and from year to year a list is published of the rewards made in connection with the annual report.

I am, sir, your obedient servant,

The Auditor General. JOHN HARDIE, *Act. Deputy Minister, M. & F.*

Irregular Certificate on a Paid Account.

AUDIT OFFICE, OTTAWA, July 7, 1900.

SIR,—I beg to bring to your notice the certificate written across the face of voucher 10116 rendered by Mr. J. C. Morrison, Shelburne, N.S., for a self-bailing surf boat, $250. The certificate is signed by Mr. Bloomfield Douglas, and reads as follows :—

"Certified correct. The boat is built according to specification and agreement; the workman "ship and materials good."

On the day on which Mr. Douglas gave this certificate, he sent the following note to Mr. Parsons, the Marine Agent at Halifax :—

"DEAR MR. PARSONS,—Inclosed Morrison's account in triplicate for building the boat for Cape "Sable.

"Captain Spain, who was at Shelburne, inspected the boat, and has certified to me by wire "that all is O. K.

"I know Morrison wants his money

"Yonrs truly,

"BLOOMFIELD DOUGLAS."

It would appear from this letter that Mr. Douglas gave his rather minute certificate respecting the work done by Morrison, not from actual knowledge, but on the strength of a telegram which merely informed him that all is O. K.

Please let me know why you accepted the certificate of Mr. Douglas, in view of the circumstances under which it was given, as sufficient to justify your paying Mr. Morrison.

I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries. J. L. McDOUGALL, *A.G.*

Salvage Claim—How Estimated.

AUDIT OFFICE, OTTAWA, June 20, 1900.

SIR,—I beg to bring to your notice voucher 8980, rendered by the Insular Steamship Company for $100, being a claim for salvage on North-west Ledge buoy in November, 1899.

Please let me know the basis on which a salvage allowance is determined. The voucher in the present instance is certified "work performed; price fair and just" by the agent of the Department at St. John, N.B., but I presume there is some fixed rule by which the amount allowed in each case is determined.

I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries. J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, June 22, 1900.

SIR,—In reply to your letter of the 20th instant, in which you refer to the account of the Insular Steamship Company for $100, being a claim for salvage on North-west Ledge buoy, in November, 1899, and asking on what basis the salvage is allowed, I have to inform you that, technically speaking, it is not salvage, although the account was made out in that way.

If the matter came under the Wreck and Salvage Act, the amount to be paid would be determined in accordance with that Act. The department deals with each case upon its merits. If a claim at any time is made which the department considers excessive, then the claim is not acknowledged in full, but an offer is made according to what is considered the value of the work done, taking also into consideration the value of the returned buoy to the department.

In the case of large automatic buoys like the North-west Ledge buoy, which cost in the vicinity of $1,000, the service rendered by the person recovering it is valued by the agent or some other officer of the department who is acquainted with the facts, but in all cases the agent must certify the account after satisfying himself that it is fair and just. It is rarely that claims are paid in full, but the department or the agent puts the value on the service rendered from facts and information obtained.

There is no fixed rule, nor could one be fixed, as the department has so many kinds of iron buoys differing in value. The first thing always considered is whether the buoy is of sufficient value to pay any claim whatever made for recovering it.

I am, sir, your obedient servant,

The Auditor General. JOHN HARDIE, *Act. Deputy Minister, M. & F.*

Insufficient Vouchers and Certificates.

AUDIT OFFICE, OTTAWA, June 19, 1900.

SIR,—I beg to bring to your notice the accounts rendered by Mr. B. J. Coghlin, Montreal, for supplies furnished the steamer *Minto* amounting to $1,265.32 during the current fiscal year.

These accounts are detailed in sterling money on the bill-heads of Mr. Coghlin's firm, and are presumably copies of the original accounts rendered by some English firm to Mr. Coghlin. These latter documents should be sent me.

One of the accounts, amounting to $123.32, is certified as to the fairness of the price by Captain McElhinney, but there is no certificate as to the receipt of the articles enumerated. Another account for $67.12 is certified by the Deputy Minister: "received by me at Montreal and forwarded to "Charlottetown." The certificate of the officer at Charlottetown, responsible for the safe-keeping of the articles forwarded to him, should be sent me.

I shall be obliged if you obtain the necessary certificates and accounts at your early convenience.

I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries. J. L. McDOUGALL, *A.G.*

Insulating Paper for Bait Freezers.

DEPT. OF MARINE AND FISHERIES, OTTAWA, June 9, 1900.

SIR,—In reply to your letter of the 7th instant, requesting to be furnished with a statement showing the disposition that has been made of 275 rolls of 3-ply P. & B. paper, shipped by the Standard Paint Company, New York, to the agents of this department at Halifax and Charlottetown, in connection with the construction of bait freezers, I have the honour to state that this paper is handed over, as required, to Messrs. Fraser and Macfarlane, who are the officers superintending the building of these freezers. A statement as asked for will be given when the work is further advanced.

I am, sir, your obedient servant,

The Auditor General. JOHN HARDIE, *Act. Deputy Minister, M. & F.*

Extra Clerk employed who had not Qualified.

AUDIT OFFICE, OTTAWA, July 24, 1900.

SIR,—I wrote you on June 7 last, asking your reasons for having paid a temporary clerk in your department $11.11 from the appropriation for the preparation of returns ordered by Parliament without having first obtained the certificate of the Auditor General, as directed by a minute of the Treasury Board dated December 2, 1895. So far I have not received any reply, but find from the list of cheques issued during the month of June, that A. M. Faulkner, presumably the same person to whom my letter of the 7th ultimo had reference, has been paid since that date $66.66, being two months' services at $400 per annum. I shall be obliged if you will let me know your reasons for having disregarded the plain directions of the Treasury Board in this matter.

I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries. J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, August 1, 1900.

SIR,—Referring to your letter of the 24th ultimo, calling attention to the matter of payment of A. M. Faulkner without your certificate, I find that it has been the practice in this department in the case of writers called in for a few days or weeks, as the case may be, to prepare returns for Parliament, to pay such clerks from the appropriation made by Parliament for this purpose without your certificate. This practice has been followed in the case of Mrs. Faulkner, and I have to express my regret that the directions of the Treasury Board have not been observed in this matter.

I am, sir, your obedient servant,

The Auditor General. JOHN HARDIE, *Act. Deputy Minister, M. & F.*

Payment of a Claim long Overdue.

AUDIT OFFICE, OTTAWA, May 29, 1900.

SIR,—I beg to bring to your attention an account rendered by Kilgour Shives for ground rent of the light at Upper Range, Campbellton, from June 1, 1894, to June 1, 1899, $40, and which was paid in April last by cheque 12379.

Please let me know the reason for not having paid the rent in the usual course.

I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries. J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, June 12, 1900.

SIR,—Referring to your letter of the 29th ultimo in regard to an account rendered by Mr. Kilgour Shives for ground rent of the light at Upper Range, Campbellton, from June 1, 1894, to June 1, 1899, and inquiring why the rent was not paid in the usual course, I have the honour to inform you that the rent is $8 per annum, and that no account had been received from Mr. Shives until five years' rent was due. His account then rendered was for $40, and was paid in April last.

I am, sir, your obedient servant,

The Auditor General. JOHN HARDIE, *Act. Deputy Minister, M. & F.*

AUDIT OFFICE, OTTAWA, June 15, 1900.

SIR,—I beg to acknowledge the receipt of your letter of the 12th instant in explanation of the delay in regard to the payment of the ground rent of the light at Upper Range, Campbellton, to which I called your attention on the 29th ultimo.

In my opinion your explanation is not satisfactory. The department is surely in a position to know its own liabilities, and if a claim was not made in due course for payment of rent which had been duly authorized, then it seems to me it was the plain duty of the department to make the necessary inquiry, so that the charge in question should enter into the financial statement of the fiscal year to which it properly belonged. The negligence of Mr. Shives in rendering his account does not excuse or justify the department in allowing debts to accumulate which should be discharged in regular order.

I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries. J. L. McDOUGALL, *A.G.*

Absence of Certificate from an Account for a Kodak.

AUDIT OFFICE, OTTAWA, May 21, 1900.

SIR,—I beg to call your attention to the absence of the necessary certificate in regard to the price paid on the enclosed account rendered by the Topley studio for a kodak and twelve rolls of film.

Please cause to be inserted thereon the required certificate by the officer of your department who uses the instrument, and consequently will be in a position to certify to the market value.

I shall be obliged if you will return the voucher at your early convenience.

I am, sir, you obedient servant,

The Acting Deputy Minister, Marine and Fisheries. J. L. McDOUGALL, *A.G.*

Payment of a Claim for which there was no legal obligation.

AUDIT OFFICE, OTTAWA, May 12, 1900.

SIR,—I beg to inform you that I have received an Order in Council of the 5th instant, authorizing the payment of $600 to Captain Robert J. Walls, pilot master of the district of Miramichi, towards payment of the costs incurred by the pilots of that district in certain litigation in which they were recently engaged, and to point out that in view of the claim of the pilots not being a legal obligation on the Government, it should not be paid until the necessary and special provision had been made by Parliament.

I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries. J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, October 19, 1900.

SIR,—I have to acknowledge the receipt of your letter of October 2 referring to yours of May 12 last, stating that the $600 paid to Captain Robert J. Walls, master pilot, of Miramichi, in part payment of legal costs incurred by the Miramichi pilots when they were on strike should, in your opinion, have been specially voted by Parliament before being paid.

In reply, I have the honour to inform you that your letter of May 12 was not received until the 14th, and a cheque had been issued on the 10th, four days previous to the receipt of your letter.

With reference to your opinion that the sum should have been voted by Parliament before being paid, I may state that I do not quite agree with you on that point. The Miramichi pilots had gone on a strike, and the commerce of that section of Canada was very seriously interfered with. If you will refer to the Order in Council which issued in connection with the payment of the $600, you will find that the undertaking of the department to pay that portion of the costs incurred by the pilots was an important factor in the settlement of the strike, and under the circumstances there was no time to be lost in waiting to get the amount voted by Parliament, as in the interests of the good government of the country, it was important for the department to have the pilots and pilotage authority reconciled as speedily as possible. It must also be borne in mind that the action of the department in this instance is a matter of policy.

As this department had placed at its disposal by Parliament an amount to meet unforeseen expenditures, it is considered that this amount is a legitimate charge upon this vote.

I am, sir, your obedient servant,

The Auditor General. JOHN HARDIE, *Act. Deputy Minister, M. & F.*

AUDIT OFFICE, OTTAWA, October 27, 1900.

SIR,—I have the honour to acknowledge the receipt of your letter of the 19th instant in explanation of the issue of a cheque of $600 to Captain Robert J. Walls, master pilot at Miramichi, in part payment of the legal costs incurred by the pilots at that port when they were on strike some time ago.

The vote for unforeseen expenses, to which you refer in your letter, is available only for the payment of such claims against the Government as are of legal obligation. The Order in Council under the authority of which the cheque was issued, directs payment of portion of the expenses to the amount of $600, but no account has been sent me in evidence of the fact that the amount paid is only a portion of the costs, or that the costs incurred were of such a character as to make them a legal liability of the Government.

I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries. J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, October 30, 1900.

SIR,—I have the honour to acknowledge the receipt of your letter of the 27th instant relative to obtaining a proper voucher for the $600 paid to Captain Robert J. Walls, master pilot of Miramichi, to assist in the settlement of the pilot strike in that district, and in reply I have to regret very much that a proper voucher has not been furnished you before this date.

I will, however, obtain proper vouchers and forward them to you as soon as possible.

I am, sir, your obedient servant,

The Auditor General. JOHN HARDIE, *Act. Deputy Minister, M. & F.*

Purchase of Steam Barge "Shamrock."

DEPT. OF MARINE AND FISHERIES, OTTAWA Feb. 27, 1900.

SIR,—In reply to your letter of the 4th ultimo relating to a certificate from an officer of the department competent to determine prices in connection with the purchase of the steam barge *Shamrock* for $21,500, I have to inform you that the whole matter was submitted to the Honourable Minister of Marine and Fisheries. The following memorandum was made by him on the file :—

"The Minister personally took a great deal of pains to ascertain the value of the *Shamrock* "before purchasing, and only purchased when fully satisfied the steamer was of the value he agreed "to pay. He also ascertained actual cost from the builders, &c. The deputy also, by the Minister's "instructions, made a personal examination of the vessel and reported her to be of the value agreed "upon."—(Sgd.) L. H. D.

I trust that this memorandum will be considered sufficient. You have the certificates of the officers who examined the vessel in accordance with the conditions of the agreement.

I am, sir, your obedient servant,

The Auditor General. JOHN HARDIE, *Act. Deputy Minister, M. & F.*

AUDITOR GENERAL'S OFFICE, OTTAWA, November 17, 1900.

SIR,—With reference to your letter of the 27 February last informing me that the Minister and Deputy Minister personally examined into the value of the steam barge Shamrock. I beg to say that unle s the Deputy Minister has the necessary technical knowledge in the construction of ships his certificate would not be such as to fulfil the requirements of Section 33 of the Audit Act.

I have the honour to be, sir, your obedient servant

J. L. McDOUGALL, *A.G.*

The Acting Deputy Minister of Marine and Fisheries.

AUDIT OFFICE, OTTAWA, February 24, 1900.

SIR,—The following wharfs were purchased from the Local Government of Prince Edward Island in December, 1897 :—Cranberry for $2,069.85 ; Haggerty's for $5,745 ; Red Point for $4,028.31.

I have to inquire why no revenue has come to account from these wharfs for the seasons of 1898 and 1899 ?

I have also to call your attention to a new wharf built during the winter and early summer of 1898 at West Point at a cost of $3,750.30, from which no revenue has yet come to account.

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

DEPARTMENT MARINE AND FISHERIES, OTTAWA, September 29, 1900.

SIR,—Referring to your letter of February 24 last inquiring why no revenue has come to account from the wharfs at Cranberry, Haggerty's and Red Point, in the province of Prince Edward Island, I beg to inclose copy of a letter received from the agent of this department at Charlottetown reporting in regard to the wharfs in question.

I am, sir, your obedient servant,

The Auditor General. JOHN HARDIE *for D. M. of M. & F.*

CHARLOTTETOWN, P.E.I., September 22, 1900.

SIR,—I have to acknowledge the receipt of the department's letter, dated 19th instant, requiring report upon government wharfs, Cranberry, Red Point and Haggerty's.

I beg to state that at the above wharfs there is nothing doing, excepting during the fall months when small vessels are bringing produce. I have been at Red Point and Haggerty's this season on account of actual repairs required, the wharfinger's books did not show any earnings and the wharfinger assured me there was not any.

The Haggerty's wharf is used once a week as a landing for the local government's steamer *Southport*, carrying passengers, but there are not any charges made, as this is a regular local government ferry service between Charlottetown and Mount Stewart bridge.

I am of the opinion the wharfingers do all in their power, but there is actually no business that I can see.

Yours, &c.,

A. LORD, *Agent.*

AUDIT OFFICE, OTTAWA, February 24, 1900.

SIR,—I have to call your attention to the following wharfs in Prince Edward Island and to the expenditure on them during the last five years by the Public Works Department, during which time no revenue whatever has come to account :—

I am, sir, your obedient servant,

The Deputy Minister Marine and Fisheries. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPARTMENT, OTTAWA, April 2, 1900.

SIR,—In reply to your letter of the 16th September last in which you state that a clerk from your office was recently at Charlottetown and found that at several ports in Prince Edward Island there are private as well as government wharfs and that at government wharfs a fee is exacted for side-wharfage and at private wharf side-wharfage is free, the result is that the bulk of the business goes to the private wharfs, I have to inform you that if this means anything it is a suggestion to do away with side wharfage on government wharfs.

I have to call your attention to the fact that in most cases on the River St. Lawrence and at very many wharfs in the province of Nova Scotia the principal part of the revenue is from side-wharfage.

The department is aware of the fact that there are private wharfs in all the provinces where no side-wharfage is collected and the object is not merely to get top wharfage but for other business reasons into which I need not go. It would be impossible to make rules and regulationss to apply to a few wharfs in a province or even to apply to all the wharfs in one province different from the rules and regulations for another province.

If side wharfage were abolished then it might lead to the consideration of the subject of abolishing wharfage altogether. Under those circumstanees there would of course be no revenue.

The department has not considered the question of abolishing side wharfage and does not believe on the whole that any larger amount of revenue would be received by abolishing that kind of wharfage.

I am, sir, your obedient servant,

JOHN HARDIE, *for D.M of M. & F.*

DEPARTMENT OF MARINE AND FISHERIES, OTTAWA, September 18, 1900.

SIR,—Referring to your letter of the 10th instant calling attention to certain letters to which you had no reply. I beg to inform you, in reference to your communication of March 6, last, calling attention to certain wharfs in New Brunswick from which no revenue has come to account, that the wharfs at Caraquet, Burnt Church and Two Rivers referred to in your letter, are not under the control of this department having never been transferred to its charge.

With reference to the wharf at Gardner's Creek, I find that the wharf in question was only transferred in October, 1899, and a wharfinger appointed on December 11, 1899. No returns have been received from this wharf as yet, but I have written to our agent calling his attention to the matter.

With reference to the wharf at Quaco, I find that in September, 1898, the sum of $10.73 was received from the wharfinger but nothing appears to have been received since. Inquiry has been made of our agent also in reference to this case.

The wharf at Black River, which was transferred in February, 1898, is under the charge of a wharfinger, but he has not deposited any collections to the credit of the department, though it would appear that he has collected the sum of $77.63. This matter is also receiving the attention of our agent.

With reference to the wharf at Cocagne, a wharfinger was appointed on August 9 last, and it is too soon to report in regard to returns.

I am, sir, your obedient servant.

The Auditor General. JOHN HARDIE, *for D.M. of M. & F.*

I have to ask for an explanation.

I am, sir, your obedient servant,

Re Wharfage due by the Rich. and Ont. Navigation Company.

AUDIT OFFICE, OTTAWA, March 23, 1900.

SIR,—Referring to previous correspondence on the wharfage due by the Richelieu and Ontario Navigation Co. (see Audit Report 1898-99, pages K-189 & 190) I have to remind you that I have had no reply to my letter of December 29 last, asking for a statement of account made up to close of the season of 1899.

I should like to know what action has been taken by your department towards securing payment of the arrears due by this company.

I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries J. L. McDOUGALL, *A.G.*

Re Wharfs and Piers in Arrears.

AUDIT OFFICE, OTTAWA, March 24, 1900.

SIR,—I wrote you December 27 last, pointing out that no revenue had come to account for 1898-99 from the following wharfs, specifying the amount received during the previous years :—

Ontario—Port Rowan.

Quebec—Anse St. Jean, Baie St. Paul, Cap à L'Aigle, Magog, Tadousac and Les Eboulements.

Nova Scotia—Babin's Cove, Port Hood and Tidnish.

New Brunswick—Tracadie.

Prince Edward Island—Higgin's Shore.

I have not received any reply to this letter. There has since come to account $4.30 from Babin's Cove, but nothing from any of the other wharfs. I have to inquire what action you have taken in reference thereto.

I am, sir, your obedient servant,

The Acting Deputy Minister of Marine and Fisheries. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF MARINE AND FISHERIES, OTTAWA, April 2, 1900.

SIR,—In reply to your letter of the 24th ultimo relating to revenue from certain wharfs in Ontario, Quebec, Nova Scotia, New Brunswick and Prince Edward Island, I have to inform you that the wharfage arrears for Anse St. Jean, Baie St. Paul, Cap a L'Aigle, Tadousac and Les Eboulements are due by the Richelieu and Ontario Navigation Co., largely.

This company has several times put in claims for the return of wharfage overcharged them at these wharfs and the department is now endeavouring to have a settlement made with the company in the interest of the Government. The company claims a refund of wharfage for a number of years under the order in council of March 25, 1892, relating to wharfage.

There are nine or ten wharfs in the province of Quebec at which the steamers of the Richelieu and Ontario Navigation Co. call and are liable for side wharfage. A settlement of the Government's claim is being pressed.

You have asked for statement of the wharfage due up to the end of 1899 from this company, but owing to some discrepancy between the statements of the wharfingers and the correct wharfage tariff, all the statements from these wharfs for years back have been gone over by an officer in the department, which has consumed a great deal of time.

The result of the settlement will be reported to you when it is completed.

With regard to Port Rowan, in Ontario, there has been great difficulty in securing a wharfinger owing to the small amount of collections that would be made at the wharf, no person being willing to accept the position under the percentage system and a salary has been asked which would probably amount to more than the collections. The matter is under consideration.

With regard to Babin's Cove, Nova Scotia, the wharf is only used in winter by a steamer that plies from the terminus of the Intercolonial Railway, and some small collections were made in 1899 since the end of the financial year, a return of which you have received.

At Port Hood, Nova Scotia, the wharfinger reports that it is impossible to collect wharfage from persons who use the wharf and there is not sufficient in it to pay him for being always on hand. This matter will receive the attention of the agent for the province, who has been instructed to visit all the wharfs.

The wharf at Tidnish, Nova Scotia, does not appear to be much used, but the department is considering the question of appointing a new wharfinger as the late wharfinger was unsatisfactory.

With regard to Tracadie, New Brunswick, the receipts were $5.20 and a return was made in October last. A change of wharfinger has taken place at this wharf and the late wharfinger made a return in October last.

With regard to Higgins Wharf, Prince Edward Island, it was under repair in 1899 and no wharfage was returned for this wharf during that year.

I am, sir, your obedient servant,

The Auditor General. JOHN HARDIE, *for D.M. of M. & F.*

AUDIT OFFICE, OTTAWA, March 24, 1900.

SIR,—I have to call your attention to the expenditure by the Public Works Department on the following wharfs, from one of which no revenue has been collected, and from the other very little :—

		Expenditure.	Revenue.
Port Rowan	1894-95	$2,136 36	
"	1897-98	90 05	3 32
Thessalon	1894-95	204 71	
"	1895-96	8,730 80	No revenue

Explanation is also requested why no revenue came to account from Morpeth in 1896-97 and 1897-98, only $3.06 in 1898-99, and nothing since.

I have also to ask to whom the wharf at Summerstown is leased and why nothing has been paid on account of the rental.

I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries Dept. J. L. McDOUGALL, *A.G.*

MARINE AND FISHERIES DEPT., OTTAWA, April 2, 1900.

SIR,—In reply to your letter of the 24th ultimo relating to the expenditure on wharfs in Ontario from which very little revenue appears to have been received, I have to inform you that as the expenditure was made by the Public Works Department the reasons for expending a seemingly large sum will, no doubt, be explained by that department.

Whilst referring to the subject of expenditure I may state that it does not follow that revenue will be derived from a wharf corresponding to the expenditure that is made upon it. These are public wharfs and cannot be allowed to go into ruin and wreck although very little revenue may be received.

The department has been giving much attention to the reasons why revenue has not been received from certain wharfs and the inquiry has resulted in the fact that many of them are mere breakwaters, some of them form harbours and others increase the depth of the water in the channels, although no vessels may lay at them or goods be landed.

I am, sir, your obedient servant,

The Auditor General. JOHN HARDIE, *for D.M. of M. & F.*

AUDIT OFFICE, OTTAWA, March 24, 1900.

SIR,—Referring to previous correspondence, (see Audit Report 1898-99, pages K—186-193) I have now to remind you that nothing has since come to account from the following wharfs:—Chicoutimi, Coteau, Riviere du Loup and Murray Bay.

I have to inquire what steps you are taking to secure payment of those arrears.

I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries. J. L. McDOUGALL, *A.G.*

I shall be glad to have an explanation of the absence of revenue from these wharfs and an account of what action you have taken in reference thereto.

I am, sir, your obedient servant,

The Acting Deputy Minister Marine and Fisheries J. L. McDOUGALL, *A.G.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, September 28, 1900.

SIR,—Referring to your letter of the 11th instant calling attention to the fact that no revenue has come to account from certain wharfs and piers, I beg to inform you in regard to the wharfs belonging to the Province of Ontario, as follows :—

Morpeth Wharf. The wharfinger at this wharf forwarded a return for 1898 showing a collection of $4.10, but no returns have been received since that date. The attention of the wharfinger has been already called to his neglect in forwarding returns and I am again communicating with him in the matter.

North Bay. No wharfinger has as yet been appointed for the government wharf at North Bay and consequently no returns have been received.

Port Rowan. The department has not been able to secure a wharfinger to take charge of the wharf at Port Rowan without an appointment at a salary, and the matter is still under the consideration of the department.

Summerstown. This wharf is under a lease to the Corporation of the Township of Charlestownburg. No revenue is received.

Thessalon. During the present season, this wharf was visited by an officer of the department and the sum of $100 obtained from the wharfinger and the wharfinger at the same time promised to refund the balance remaining unpaid. He also obtained the sum of $108.30 from Mr. Hagan, the former wharfinger and deposited the amount to the credit of the Receiver-General

I am, sir, your obedient servant,

The Auditor General. JOHN HARDIE, *for D. M. of M. & F.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, September 27, 1900.

SIR,—Referring to your letter of the 11th inst. calling attention to the fact that no revenue has come to account during the fiscal year, 1899-1900, from certain wharfs and piers, I beg to inform that on communicating with our Agent at St. John he informs me that no revenue has been collected by the Wharfinger at St. Louis, Kent County, as the flooring of the wharf is at present in a very dangérous state so that teams cannot venture on it. I may observe that this wharf is considered utterly useless for any purpose to navigation and it is not proposed to make any repairs.

With reference to the wharf at Kingston he states that the traffic on the wharf is very limited owing to the other wharfs in the vicinity being free, and that no revenue has come to account.

The agent also reports that no tolls have been collected at St. Mary's owing to the condition of the wharf.

With reference to the wharf at Black River the agent reports that the sum of $58.22 has been received, being the net amount for wharfage dues collected by Mr. McLeod, the wharfinger at Black River, for 1898.

I am, sir, your obedient servant,

The Auditor General. JOHN HARDIE, *for D. M. of M. & F.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, October 1, 1900.

SIR,—Referring to your letter of the 11th ultimo calling attention to the fact that no revenue has been received from certain wharfs in the province of Prince Edward Island, I have the honour to inclose, for your information, copy of a report received from our Agent at Charlottetown in regard to the matter.

I am, sir, your obedient servant,

The Auditor General. JOHN HARDIE, *for D. M. of M. and F.*

CHARLOTTETOWN, September 25, 1900.

SIR,—I have to acknowledge the recipt of department's letter dated 21st inst., *re* the Auditor General's request for an explanation for the non-payment of any revenue from certain wharfs for fiscal year 1899-1900.

I beg to report as follows :—

Campbell's Cove, in my opinion will never be a source of any revenue as it is merely a protection for small fishing boats, and that there is not water enough for any craft drawing over five feet water, and nothing shipped therefrom or landed thereon. On the most exposed part of our north shore.

Clifton. This wharf was badly wrecked about one year ago, has been repaired. I saw the wharfinger last July whilst on my tour on lighthouse work. Mr. McKay the former wharfinger had died and the newly appointed official had just received his appointment, but no books or instructions. I supplied him with record book, book of receipts and blank return forms and gave him instructions with respect to his duties. The wharfinger informed me that there would not be anything done until fall shipping began.

Cranberry, Haggerty's and Red Point Wharfs, I reported upon under date the 22nd instant in answer to department's letter No. 17253, of the date of the 19th inst.

Higgins Shore, Egmont Bay south. Geo. G. Henry wharfinger, is a wharf where there will never be any much revenue collected, if any at all, This wharf is a large useless structure built in a place where when the tide is out the whole place is dry, and to the best of my knowledgnothing but fishing boats use the wharf, it is rotting down, last fall the wharfinger allowed a quantity of lobster traps to be landed upon the wharf, was to receive the sum of $5.00, am not aware that the amount was collected, if so, must have been sent to department direct. I did not get any earnings, vessels cannot or do not use the wharf at all, hence I say, it is a large useless structure.

Lewis Point, Cardigan Bridge, should give some revenue. I will write the wharfinger Mr. J. G. Scrimgeor to report.

Mink River, Murray Harbour, should do some work spring and fall, produce shipping, but during the past year there has been changes in wharfingers, three times, and since the last one was appointed there would not have been any earnings. This coming fall season should give some revenue, but the former wharfingers gave up the appointment on account of no earnings and consequently would not give their time and attention.

Nine Mile Creek Wharf. There were three or four small vessels loaded produce at this wharf last fall, so I am informed, but since the opening of navigation, there has not been any vessel at the wharf. I will write Mr. Harrington for his report as to earnings, this wharf is also handicapped on account of water and a very crooked channel leading thereto and it is used chiefly by boats or small schooners, some of which take small quantities of produce, to be delivered into vessels loading at this port.

Pinette Wharf. I have had the wharfinger at this wharf in my office several times lately complaining that the vessels frequenting this wharf refuse to pay wharfage. I have instructed him to sue the vessel owners and shippers before a local magistrate in his own name ; this apparently he declines to do, and I would suggest that a more energetic man be appointed wharfinger, one who would do his duty, this man Hubbley will not, he appears afraid to call in the aid of the law.

Whilst on this subject I respectfully beg to state that the Dominion piers are greatly at a disadvantage, especially at ports where there are private wharfs, or Local Government wharfs, the private wharfs give side-wharfage free to all vessels loading or discharging, therefore so long as a berth is obtainable at a private wharf, the Dominion piers are idle, this should not be, the side-wharfage tax should be done away with.

The Deputy Minister Marine and Fisheries. A. LORD, *Agent.*

DEPT. OF MARINE AND FISHERIES, OTTAWA, October 16, 1900.

SIR,—Referring to my letter of the 1st instant in regard to the matter of revenue from certain wharfs in the province of Prince Edward Island, I beg to inform you that our agent at Charlottetown, under date 11th instant, reports that he had received a letter from Mr. George G. Henry, wharfinger at Higgin's Shore, Victoria West, stating that no wharfage had been collected since 1892, and that until there was dredging done there could be no shipping and consequently no wharfage.

I am, sir, your obedient servant,

The Auditor General. JOHN HARDIE, *for D. M. of M. & F.*

Re Wharf at St. Alphonse de Bagotville.

AUDIT OFFICE, OTTAWA, March 24, 1900.

SIR,—I have not received any reply to my letter of June 2, 1899, in reference to the wharf at St. Alphonse de Bagotville.

On January 17 last, $6.77 was deposited in the Bank of Montreal here on account of this wharf, but no returns have been furnished.

The large falling-off in the receipts at this wharf during the last few years calls for some explanation.

I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, October 26, 1900.

SIR,—Let me call your attention to the following boats which have paid two years' tonnage dues, but only one year's inspection fees :—

Regarding cases of this kind, let me refer you to your letter of November 17, 1898, which you will find in my report of 1897-98, page K—186, in which you concur with me that when tonnage dues are collected, inspection fees should also be paid.

I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisheries. J. L. McDOUGALL, *A.G.*

Re Fisheries Revenue.

Number.	Licensee.	Fee.
No. 1	J. Sigurdson	$ 76
No. 2	Jos. Simpson	92

	Total	248

I do not find that the fees for these licenses have yet come to account.
According to the returns of this inspector he collected during 1898-99 as follows:—

The returns for the current year so far received are as follows:—

July, 1899, 94 licenses at $2	$ 188
August, 1899, 26 licenses at $2	52
Total	$ 240

A deposit receipt for $40, dated February 16 last, came to account yesterday, bnt no statement has yet been received.

The returns of the overseers are not furnished, and they should be. They should show the date of each collection and the date of the remittance to the inspector.

Your attention is requested.

I am, sir, your obedient servant,

The Acting Deputy Minister, Marine and Fisherie . J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, May 29, 1900.

SIR,—On September 24, 1898, Mr. J. W. Cross deposited $350 in the Ontario Bank at Port Arthur to the credit of Fisheries Revenue. The deposit receipts did not reach this office until December 7, 1899, nearly fifteen months after the money was deposited. The return furnished is merely a memo to the effect that the amount is for licenses 1898.

Please explain why tho deposit receipt was delayed and furnish me with a detailed statement in acquittance of the deposit.

In your statement of arrears furuished this office for the year ended June 30, 1899, Mr. Cross appears for $795, made up of 14 licenses amounting to $1,145, less $350 paid, and I assume this credit and the above deposit are identical.

I shall be glad to know if Mr. Cross has accounted for the balance of licenses sent him, amounting to $795; if not, whether the amounts were collected from the parties to whom the licenses were issued, and what action you have takon in reference thereto.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Acting Deputy Minister, Marine and Fisheries.

AUDIT OFFICE, OTTAWA, May 14, 1900.

SIR,—On July 14 last, Mr. W. W. Stumbles deposited at New Wostminster $507 25, credited to Fisheries Revenue. The deposit receipt did not reach this office until the 8th of the following January. Please explain this delay and furnish me with the customary detailed return for which this deposit was made.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Acting Deputy Minister, Marine and Fisheries.

DEPT. OF MARINE AND FISHERIES, OTTAWA, September 22, 1900.

SIR,—In reply to your letters of the 10th instant, and May 14 last, inquiring in regard to a deposit made by Mr. Stumbles of $507.25 credited to Fisheries Revenue, I beg to inform you that it is at present impossible to distinguish between the amounts belonging to fines and collections on account of licenses. Mr. McNab has resigned the position of Inspector of Fisheries for British Columbia and pending the receipt of certain information from guardians stationed in almost inaccessable places it will be impossible to itimize the deposit. I may say that a refund of a large amount of this deposit will be asked for as it belongs to complainants in certain cases who have not been paid their share of the fines which forms a part of the above amount.

Under the circumstances I must ask you to allow this matter to stand for the present.

I am, sir, your obedient servant,

JOHN HARDIE, *for D.M. of M. & F.*

The Auditor General.

Re Lease of Foreshore Rights.

AUDIT OFFICE, OTTAWA, May 1, 1900.

SIR,—I wrote you May 31, 1898, in reference to two items of $150 each that came to account for lease of foreshore rights of North-West Arm, Halifax, and Rock Bay, Victoria, B.C. I have not had any reply. I do not find that anything has since come to account from either of these items.

In September last $200 came to account being for grant to British Columbia Sugar Refining Co., of foreshore rights in harbour of Vancouver, B.C.

I have to ask for a full explanation about these foreshore rights; to what harbours they apply; what rights are now under lease; to whom and on what terms; and any other information pertinent thereto.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Acting Deputy Minister of Marine and Fisheries.

DEPT. OF MARINE AND FISHERIES, OTTAWA, Sept. 20, 1900.

SIR,—With reference to your letters of the 10th instant and of the 1st of May last asking for information in regard to the sum of $150 received for a grant made of foreshore rights at North West Arm, Halifax, I beg to inform you that by Order in Council of the 25th of March, 1896, a grant was made to the People's Heat and Light Company, Ltd., of Halifax, of a water lot situated at North West Arm, Halifax, the sum of $150 to be paid by the company for the lot in question. The sum of $150 was received from the company in payment of the grant.

With reference to your inquiry in regard to foreshore rights at Rock Bay, Victoria, B.C., I am unable to reply at present as the file has been mislaid.

I am, sir, your obedient servant,

The Auditor General. JOHN HARDIE, *for D.M. of M. & F.*

Re Letters not answered.

AUDIL OFFICE, OTTAWA, September 10, 1900.

SIR,—I have to call your attention to the following letters to which I have no replies:—

Feby. 26.....Wharfs and piers Nova Scotia (3).
Mch. 24..... " " Bagotville.
May 29.....Fisheries Revenue, deposit by J. W. Cross.

I have the honour to be, sir, your obedient servant,

The Acting Deputy Minister of Marine and Fisheries J. L. McDOUGALL, *A.G.*

Re Arrears Due.

AUDIT OFFICE, OTTAWA, October 27, 1900.

SIR,—I have received your letter of the 25th, inclosing a statement of licenses (Fisheries) issued up to the 30th June, 1900, the fees on which have not been paid.

Though I asked for a statement of *all* arrears due to your department, this statement is all that has been furnished and, as far as I can make out, these are only arrears accrued during 1899-1900. What about the arrears of previous years published in former Audit Reports?

Last year you furnished a statement of wharfs in arrears. Why has no statement been furnished this year?

If there is nothing due by your collecting and disbursing officers, you should so state.

I am, sir, your obedient servant,

The Acting Deputy Minister of Marine and Fisheries. J. L. McDOUGALL, *A.G.*

Payments which are not to be made under Department's Letter-of-Credit.

AUDIT OFFICE, OTTAWA, June 13, 1900.

SIR,—As you are aware, there are now in practice under the Consolidated Revenue and Audit Act, two modes of making payment of all expenses legally chargeable on a Parliamentary appropriation, viz: (1) by direct application to this office for a Receiver General's cheque to cover the amount due; (2) by the issue of a cheque under a Departmental Letter-of-Credit.

The statute does not prescribe or indicate the expenditure, as a class, to which these modes respectively apply, and it seems to me that it will be in the public interest to attempt some classification in this respect for the future guidance of the departments.

In making the selection of the classes of expenditure which in my opinion should be made only by direct application to this office, I have been influenced largely by my experience in the past with expenditure of a similar nature. I have found that it is in connection with these classes of outlay the great bulk of the correspondence between this office and the departments has taken place and that, consequently, it is in these lines irregular payments largely occur.

I trust you will find that I have kept in view the convenience of the public and the department by leaving to be paid under the credit all payments where mistakes are not likely to arise.

Commencing then with July next—the first month of the financial year 1900-1901—I would like your department to treat as proper claims for direct application to this office any that may come under the following heads:—

1. All advances for travel or other disbursements asked for by the officers or employees of the department to be charged on any vote other than Civil Government Contingencies.
2. All payments on account of or in final acquittance of large contracts.
3. Extras on contracts.
4. Gratuities or allowances of any kind not sanctioned by statute.
5. All accounts not within the financial year to which the appropriation applies or within six months before the beginning of it.
6. All salaries or other remuneration to employees at the department, not paid through the Accountant of Contingencies.
7. Special payments of any kind whether authorized by the Governor-in-Council or not, or whether made under a special appropriation or not.

Of course I shall be glad to discuss this matter with you if you so desire as I am anxious that any departure which may be made from the present order of things shall be one in the right direction and be such as will not unnecessarily incommode the working of the department or interfere with the prompt settlement of all just claims on the public treasury.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, September 13, 1900.

SIR,—I notice in your August letter-of-credit expenditure, a payment of a gratuity to Misses Roussel, a special vote, which payment comes within the classes not to be paid from your letter-of-credit as advised by my letter of June 13, 1900. The vouchers for this year have not come to hand but presumably there are other payments of the classes referred to. Please explain why the conditions on which the credit was issued have not been observed.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, September 22, 1900.

SIR,—I beg to acknowledge the receipt of your letter of the 13th instant in which you ask for an explanation as to why the conditions on which our credit was issued have not been observed; and in which you refer to the payment of a gratuity to the Misses Roussel under a special vote which payment comes within the class of claims not to be paid from our letter of credit as advised by your letter of the 13th of June last.

In reply I beg to say that owing to continued press of important business I have not yet been able to give the necessary consideration to the subject matter of your letter of the 13th of June last involving, as it appears to do, such a complete change of system in the department, and as the Accountant is now absent on leave I must ask you to allow the matter to remain open till his return next month.

In regard to the gratuity paid the Misses Roussel I consider that being passed by a special vote of Parliament, it was thereby sanctioned by statute.

I am, sir, your obedient servant,

The Auditor General. L. J. PINAULT, *Lt. Col. Dy.M.M. & D.*

Facsimile Stamp not to be used for Signing.

AUDIT OFFICE, OTTAWA, September 4, 1900.

SIR,—I am in receipt of your req. No. 12 of August 31, with accompanying accounts, for a bill of exchange in favour of Christy & Co., Limited, London, for £340 5*s.* 0*d.* for helmets, chargeable to "Special Service, South Africa," and "Halifax Prov. Garrison."

The accounts have been duly certified by Lt.-Col. Macdonald, Director of Stores, but a facsimile stamp has been used on these accounts to denote the Deputy's approval. Please have the real signature placed thereon, as a stamped signature carries no responsibility.

Please see that in all cases where documents are forwarded to this office anything that purports to be the signature of any person is really so.

The accounts are returned herewith.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, September 5, 1900.

SIR,—In reply to your letter of yesterday's date concerning the certificates placed on the accounts of Christy & Co., Limited, London, for £340 5*s.* 0*d.*, I have the honour to state that the practice of using a facsimile stamp for the signature of the Deputy seems to have been constant in this department for a number of years; however, I now return the accounts in question with my real signature.

Allow me to mention a fact which happened to my knowledge seven years ago, and which may be considered as having a certain connection with the present matter. On June 21, 1893, before the Superior Court in the City of Quebec, case 989, Prosper Lefebvre dit Boulanger vs. Felix Helsey, exception was taken to the signature of the plaintiff's attorney which was affixed with a stamp. The judge (A. B. Routhier) expressed the opinion that the signature with a stamp affixed by the attorney himself or a person duly authorized was valid and refused to dismiss the action on that ground.

I am, sir, your obedient servant,

The Auditor General. L. J. PINAULT, *Lt.-Col., Dy. M. M. & D.*

AUDIT OFFICE, OTTAWA, September 6, 1900.

SIR,—I have your letter of the 5th instant about the using of a stamp instead of writing the name. If I were quite sure that the stamp was used by you, or if there were any other evidence that you approved of the transaction, I would not be justified in raising the objection. But it would not suit either you or myself to make a long investigation with reference to a point of that kind, when the simple method of writing the name (the handwriting being always known) could be substituted.

The law requires the application of your intelligence, care and reliability in the case, and not that of some unknown person who applies the stamp to the document. You and I, I take it, have no right to delegate our powers to a person whom we may think reliable, and if we have, the person to whom the power has been transferred should be known in each case.

Any work of this office, which primarily belongs to me, if done by a substitute, is evidenced by his signing as acting for me. And I could not feel satisfied with any other mode of acting. The individual who sanctioned the transaction, whether acting for himself or for another, should always show on the face of the document that he was the actor in the matter.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, September 8, 1900.

SIR,—I am in receipt of your letter of the 6th instant, and in reply I beg to inform you that the stamp representing the facsimile of my signature is used by myself only, and never goes out of my possession.

There is another stamp used in the department for the purpose of franking official correspondence, and it is kept in the custody of a confidential clerk, entrusted by me with that duty in conformity with the provisions of the Order in Council of February 25, 1892.

In view of the above explanation, are you still of the opinion that I should not use my stamp for any departmental matter—of course I write my signature on all cheques and certificates for free customs entry.

I am, sir, your obedient servant,

The Auditor General. L. J. PINAULT, *Lt.-Col., Dy. M. M. & D.*

AUDIT OFFICE, OTTAWA, September 11, 1900.

SIR,—I am in receipt of your letter of the 8th instant, relative to the use of a fac-simile stamp, and in reply have to state that I am still of the opinion that the real signature should be used, as it seems to me the simplest way to identify the act of signing as that of the Deputy Minister in this case.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. L. McDOUGALL, *A.G.*

Pay of Permanent Corps, &c., including Allowances.

AUDIT OFFICE, OTTAWA, October 26, 1900.

SIR,—I am in receipt of an Order in Council of October 9, 1900, authorizing the employment of Major J. A. Black as Brigade Major of Military District No. 9 from July 1, 1899 to July 1, 1901. The authority for his employment for the year previous to July 1, 1899, was not obtained until August 2, 1899, and then only when attention had been called to it by this office. It appears strange that in each instance the employment was continued and payment made of the salary for a period of over a year without the requisite authority of an Order in Council. Please explain.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. L. McDOUGALL, *A.G.*

Please obtain a refund of the overpayment so made.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, November 27, 1900.

SIR,—Adverting to your letter of the 6th instant relative to the payment made to P. Beaubien for work and material in connection with Lévis camp ground, I must state that we have asked the parties interested to refund the money overpaid.

The payment is duplicated by cheque No. 10622. Please obtain a refund of the overpayment so made and deposit the same to the credit of Casual Revenue.

Transport and Freight.

AUDIT OFFICE, OTTAWA, June 2, 1900.

SIR,—Cheque No. 7244, February 14, 1900, is a payment of $500 to Major General Hutton on account of travelling expenses returning to England. I have to state that the records of this office show that this payment has not been accounted for, and to ask that you will cause the advance to be settled as soon as possible; and also furnish with the other vouchers the estimate of expenses on which the payment in question was made.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, June 4, 1900.

SIR,—I beg to acknowledge receipt of your letter of 2nd inst., in regard to Major General Hutton's travelling expenses to England.

In reply I have to say that Major General Hutton requested that he be allowed the same amount to return to England that it cost to bring him out of Canada. This was $640.83. He was allowed $500 for these expenses which he accepted. This amount is smaller than the usual expenses of Major Generals to and from England in the public service.

I am, sir, your obedient servant,

The Auditor General. L. J. PINAULT, *Lt. Col., D.M.M. & D.*

AUDIT OFFICE, OTTAWA, December 14, 1900.

SIR,—Referring to your expenditure on account of "Transport and Freight" I notice in Major Benson's statement of travelling expenses proceeding from Quebec to Victoria, B.C., cheque No. 5852 this charge: 21 meals at $1.00, $21. In the absence of explanation this charge appears excessive.

Capt. A. H. MacDonnell's statement of expenses for trip February 27, 1899 to March 11, amounting to $8.50, cheque No. 186, appears to have been paid again under cheque No. 2689, and his statement of expenses for trip of March 12 to 15, cheque 2689, leaves him at the Barracks at Toronto on the 15th, while his statement for trip of March 16 to April 8, starts him at Belleville. Please explain.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. L. McDOUGALL, *A.G.*

Miscellaneous and Unforeseen Contingencies.

AUDIT OFFICE, OTTAWA, June 5, 1900.

SIR,—Referring to your expenditure on account of "Miscellaneous and Unforeseen Contingencies" let me call your attention to the following:—

Cheque No. 1115 is a payment of $60 to Robert J. Disney as "Compensation to George Disney, "private in No. 4 Co., 31st Battalion, for illness contracted in camp in September, 1879, payable to "his brother Robert J. Disney who took care of him during his illness" and

Cheque No. 1116 is a payment of $42 to George McDonald, private in No. 4 Co., of 31st Battalion as "Compensation for illness contracted in camp in September, 1879," as stated in the memo. attached to the cheques and abstract returned to this office.

Please let me have a complete statement of these cases and of your reasons for applying a general vote to the payment of these claims which would appear to be of a nature to require the distinct authorization of Parliament by being specially voted, as in the absence of such information I am unable to find any authority for their payment.

It appears remarkable that these claims which are over twenty years old should now be before the Department. They, in all probability were dealt with years ago when a nearer and more complete knowledge of the cases and of the liability of the Government in the matter could be obtained than now, so many years after. If they were, they were rejected and should not be revived now. If they were not presented until lately, they should have been refused consideration on account of the length of time allowed by the claimants to elapse.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, June 7, 1900.

SIR,—I beg to acknowledge the receipt of your letter of the 5th instant regarding payments to Robert J. Disney and George MacDonald.

In connection with these claims I inclose a report from the Director General Medical Services, who was of opinion that they were just and should have been paid long ago. This being the case, and it also being customary to pay such claims out of our contingencies vote without any special authority from Parliament for each payment, the view taken of the matter was that if the claims were just they should be paid, and being similar to many other such claims paid without special authority from Parliament, it was not thought necessary to obtain a special vote for these. The fact that these men had been kept out of their pay for some time would hardly seem a sufficient reason to obtain a special vote to pay them when other claims of a similar nature are paid without special authority from Parliament.

I am, sir, your obedient servant,

The Auditor General. L. J. PINAULT, *Lt.-Col., D. M. M. & D.*

KINGSTON, ONT., August 8, 1898.

SIR,—In compliance with your order dated Canning, N.S., August 3, 1898, I beg to report as follows on the merits of the claims for compensation of five privates of No. 4 Company, 31st Battalion, who became ill after camp at Toronto in 1879 :—

1. The cases of Privates George Disney, Samuel Allen and George McDonald are declared by two qualified medical practitioners—Drs. Landerkin and David Jamieson—as having been typhoid fever, and that no other cases of this disease existed at the time in their respective localities.

2. It is admitted that the period of incubation of typhoid fever varies from ten to twenty-one days, sometimes longer. These three patients were first seen by their medical attendants respectively on September 23 and 29 and October 2, it is therefore reasonable to believe that the period of incubation incepted on or about the 10th of the month, in other words, that they then contracted the disease.

3. In his report Dr. Barnhardt of the 31st Battalion expresses himself as satisfied with the sanitary condition of the camps his corps was in. He alleges that no others of 360 men of the Battalion contracted typhoid in camp. Did he keep them all within sight after leaving camp ? May not the men of No. 4 Company have partaken of impure water at some station on the way home ? On the other hand Dr. D. Jamieson and Captain Moodie both assert that No. 4 Company was encamped "in a paddock" on the shore of the lake near Toronto, that the weather was rainy and that they drank the lake water. Without being able to pronounce on the nature of the soil in this "paddock" at that time, it is well known that, then as now, the lake water near the forts is at all times contaminated by the city sewerage. Dr. Barnhardt states that he did not see these three privates until five or six months after the occurrence of the attack.

4. Considering the above facts, I am of opinion that the department was misled by Dr. Barnhart's report, and that the claims of these three privates for indemnity were really worthy of favourable consideration.

5. In the case of Private John Willey, his medical attendant, Dr. James Gun, omits to state the ailment from which he suffered, this case cannot therefore be considered with the three preceding. As to Private J. H. Bottrell, Dr. Landerkin states that typhoid appeared in him only about November 1, say some weeks after his return from camp, his claim is not valid either.

6. According to the R. and O., para. 150 (and I believe that this regulation was re-enacted in the edition of 1879, I have it not), Privates George Disney, Samuel Allen, and George McDonald should have been entitled, if their claims had been admitted, to receive $1 per diem during the time they were incapacitated by illness, but it is there also stipulated that no further allowance shall be recognized for medical attendance. According to the accounts of the physicians, the claims of each would be :

George Disney, September 29 to December 1, 62 days	$ 62
Samuel Allen, October 2 to November 10, 39 days	39
George McDonald, September 30 to November 12	42
Total	$143

Par. 907 (3) R. & O. 1887 limits compensation to 60 days. This amended, I approve the above.

The Hon. Minister Militia and Defence. J. L. H. NEILSON, *Lt.-Col., D. G. M. S.*

AUDIT OFFICE, OTTAWA, June 13, 1900.

SIR,—I am now in receipt of your letter of the 7th inst,, with copy of Dr. Neilson's report enclosed relative to certain payments from "Miscellaneous and Unforeseen Contingencies" as compensating amounts for sickness alleged to have been contracted in camp.

I notice you state that it is customary to pay claims for compensation for illness in such cases from the vote referred to. It is true that the ordinary claims for compensation are so paid, but on account of the exceptional circumstances of these claims, special provision should have been asked for and obtained. It is clear that Parliament when it voted this money did not intend it to be applied to the payment of claims over twenty years old.

Neither your letter nor Dr. Neilson's report gives a statement of the history of these cases, which was asked for in my former letter. When were the claims first presented to your Department and what action at that time or subsequently up to the date of payment was taken in the matter? The report of Dr. Barnhardt of the 31st Battalion, referred to in Dr. Neilson's report should be furnished as well as the power of attorney under under which the amount claimed by George Disney was paid to Robert J. Disney.

Reference is made in Dr. Neilson's report to a claim by Samuel Allen. I have not yet noticed any payment to him. Has he been paid? If so, when?

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, June 16, 1900.

SIR,—In reply to your letter of the 13th inst., I have the honour to enclose to you, herewith, all the papers relative to compensation for men of No. 4 Company 31st Battalion who contracted fever during the annual drill at Toronto, September, 1879.

I am, sir, your obedient servant,

The Auditor General. L. J. PINAULT, *Lt. Col., D.M.M. & D.*

AUDIT OFFICE, OTTAWA, June 26, 1900.

SIR,—Let me acknowledge the receipt of your letter of the 16th instant and enclosed papers relative to the payment of certain claims for illness alleged to have been contracted at camp.

It would appear from the papers that the department made the fullest enquiry possible at the time and decided against the claims, and after a period of nearly twenty years, without any further information than was in their possesion when the decision was made, allowed payment of the claims.

I am, therefore, still of the opinion that these payments are illegal and should not have been paid under the general authority contained in the vote for the payment of compensations for illness contracted in camp.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. L. McDOUGALL, *A.G.*

Government Cartridge Factory.

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, November 20, 1900.

SIR,—I have the honour to enclose to you, herewith, a communication from the Superintendnet of the Government Cartridge Factory together with a memorandum of the Accountant of this Department relative to the money appropriated for the factory and to request that you will be good enough to furnish me with your opinion on the subject.

I am, sir, your obedient servant,

The Auditor General. L. J. PINAULT, *D.M. of M. & D.*

GOVERNMENT CARTRIDGE FACTORY, QUEBEC, November 12, 1900.

1. SIR,—I have the honour to report that there are a few difficulties in connection with our book-keeping which are very troublesome, and are unsurmountable without your assistance and authority. The nature of these obstacles is such that, while in other respects we aim to equal Her Majesty's Ordnance Factories and first-class commercial establishments, we are hindered as regards our system of accounting, from making any further progress. For this reason I venture to submit for your kind consideration the changes outlined below, and to hope that the officers concerned may see their way to concurring with me in seeking your approval to the suggestions offered. It is thus recommended that in future all payments for the service of this establishment be made by this office, and that payments to the High Commissioner, Stationery Office or any account whatsoever hitherto made at head-

quarters by the Account Branch be discontinued. It is further requested that efforts be made to obtain from the High Commissioner's office regular statements with vouchers accounting in detail for payments made on our behalf, and that when received these statements be sent here for entry in our books, instead of being passed directly to the Auditor General as at present.

2. Attached hereto is a copy of a statement of expenditure to June 30, 1900, furnished by the Account Branch on the 10th ultimo, in which you will observe that several large payments are made at headquarters, and others are not accounted for.

3. We are presently engaged in closing our books for 1899-1900, and are confronted with the difficulty that owing to payments made at headquarters and the lack of proper vouchers, we are unable to arrive at a satisfactory balance. It is a matter of ordinary book-keeping, which will be evident to every one that we cannot keep a proper set of books under such conditions, and that books which do not balance are dangerous and misleading. The only way in which we can work satisfactorily is for headquarters to send us cash advances demanded on requisition to cover all expenditure, and to send all accounts presented for payment to this office for settlement. Similarly we should make all payments on account to the High Commisioner on receipt of instructions from Ottawa.

4. These changes will entail no loss of control over expenditure now held by the Account Branch, and our monthly statement with vouchers will account for all advances received. The inclusion in our books of all transactions will render it possible to establish a business-like system and to furnish accurate returns.

5. For the last eighteen months we have strived earnestly to improve matters, and the results are so disappointing, that it seems hopeless to make any further efforts. In some respects the factory has perhaps advanced, but in the matter of financial books, I regret to state that owing to circumstances beyond my control, I cannot point to any improvement, and feel very keenly the discreditable position in which we find ourselves.

6. Unless the changes suggested are carried out, the only record which we can logically keep is a cash account, enabling us to furnish the usual monthly return with vouchers, &c.; this work is now done by one clerk. Under such a system we should be in complete ignorance as to cost of manufacture, administration or other details necessary for good management, and what is perhaps of greater importance, is that the department would be unable to establish that the moneys intrusted to our care are carefully disbursed to the best advantage. The wisdom of having such records for the information of Parliament and the Auditor General will no doubt suggest itself. The law courts too frequently record failures accelerated, if not induced by indiffrent book-keeping, and it would be important to know whether under ordinary commercial competition our affairs would have ended successfully.

7. For the credit of the department, the prosperity of the factory which I have at heart, and my own protection, I feel entitled to submit, with more than usual earnestness, this request for your consideration, and to express the hope that after many fruitless attempts we may in the end be successful.

I am, sir, your obedient servant,

F. M. GAUDET, *Major, Supt. Government Cartridge Factory.*

The Deputy Minister of Militia and Defence.

AUDIT OFFICE, OTTAWA, December 10, 1900.

SIR,—I have your letter of the 20th ulto. regarding the application of Major Gaudet, Superintendent of the Government Cartridge Factory, Quebec, to have all payments on account of the Factory made at Quebec from the funds placed at his disposal.

I fully sympathize with the purpose which the Superintendent has in view and it seems quite feasible to carry out his suggestion with reference to the Stationery payments. Regarding the repayments of the advances under the High Commissioner's credits, these must be made here, as they are made from money at the credit of the Dominion in the Bank of Montreal, London, and cannot be done in any other way. The difficulty in this case would be removed by your Accountant's Office informing the Superintendent promptly of all charges against the Factory in the accounts of the High Commissioner.

I take it that all orders are made on the application of the Superintendent and that all accounts, except perhaps some of those which are paid by the High Commissioner, are certified by him before payment.

In connection with this matter I should like that all payments made outside of Ottawa by those conducting the Cartridge Factory or other permanent establishments under the Militia Department should be made from letters-of-credit and not from credit cheques. The advantages of the latter system perhaps may be better explained verbally.

I am, sir, your obedient servant,

Deputy Minister of Militia and Defence. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, April 11, 1900.

SIR,—Cheque No. 498, September 1899 statement, Government Cartridge Factory, is a payment of $50 to "Le Soleil," Quebec for 50 M. wrappers for ammunition. Please explain why these supplies were not obtained through the Stationery Office at Ottawa, as required by the Printing and Stationery Act.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, April 18, 1900.

SIR,—In answer to your letter of the 11th instant inquiring why 50 M. wrappers for ammunition were printed in Quebec instead of Ottawa, I beg to state that this is a special case which was considered some years ago, the matter having been submitted for approval. It was found more economical to have these wrappers printed locally than to have them printed here. It was also more convenient and more practicable for the officer in charge of the Cartridge Factory as the dates marked on the wrapper had to be changed here and there according to circumstances. I see by your report of 1896-7 and 1897-8 that this course has been followed since 1896.

The paper is furnished and cut by the Cartridge Factory and therefore the printing alone is made by a Quebec firm.

Hoping this information will be considered satisfactory.

I am, sir, your obedient servant,

The Auditor General. L. J. PINAULT, *Lieut.-Col., D.M. of M. & D.*

AUDIT OFFICE, OTTAWA, May 1, 1900.

SIR,—In reply to your letter of the 18th inst., relative to a payment of $50 to *Le Soleil* for wrappers for ammunition for the Government Cartridge Factory, I have to state that as the Printing and Stationery Act (Revised Statutes of Canada, Chap. 27) now stands, the method followed as stated in your letter, is illegal, the Act referred to requiring all such work to be done through the Printing Department at Ottawa. The account in connection with the payment in question is returned herewith for the certificate of the Queen's Printer.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. L. McDOUGALL, *A.G.*

Special Service South Africa.

AUDIT OFFICE, OTTAWA, December 28, 1900.

SIR,—Cheque No. 7972 is a payment of $6 to R. Burke of Winnipeg for cab for Major Williams to stock yards and return, 6 hrs. Jan. 7th. Mr. Burke includes this item in another account of his paid through the D.O.C. of District No. 10, voucher No. 78. Please obtain a refund of the overpayment so made and deposit the same to the credit of "Casual Revenue."

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. L. McDOUGALL, *A.G.*

Halifax Provisional Garrison.

AUDIT OFFICE, OTTAWA, December 13, 1900.

SIR,—Referring to your expenditure on account "Expenses of Canadian Regiment temporarily serving in garrison at Halifax, the removal of which was caused by the war in South Africa," for the fiscal year of 1899-1900. I notice that you have charged to this vote the maintenance of the garrison at Victoria, B.C., amounting by the distribution of the accounts to $6,111.87, exclusive of its proportion of the general expenses. In view of the terms of the vote restricting the expenditure to the maintenance of a garrison at Halifax, please explain why you allowed the vote to be used for the maintenance of a garrison at Victoria as well.

I have not examined the expenditure for the present fiscal year on account of "Halifax Provisional Garrison" but the terms of the vote would certainly exclude any expenditure for the maintenance of a garrison elsewhere.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, December 17, 1900.

SIR,—I have the honour to acknowledge the receipt of your letter of the 13th instant and in reply to state for your information that "A" Company of the Halifax Provisional Garrison was enlisted in British Columbia and to save the expense of transporting them to Halifax and probably back again at an early date, the Government decided to keep this company at Victoria for the present.

I am, sir, your obedient servant,

The Auditor General. L. J. PINAULT, *Lt.-Col., Dy.M.M. & D.*

AUDIT OFFICE, OTTAWA, June 26, 1900.

SIR,—I understand that an Order in Council has been passed giving three months' leave, viz: April, May and June, to Mr. S. C. D. Roper, of the Customs Department, who is now, as I am told, serving as Captain in the Halifax Garrison.

I have had no difficulty in allowing pay during leave of absence to members of the Civil Service who have gone to South Africa, as I understand that anything they receive there comes from the Imperial Government, but there is a difficulty in the case of Mr. Roper, because his pay as captain comes from the Dominion Government. On the other hand, I am told that a great part of Mr. Roper's Halifax pay is used to cover expenses necessary to his position as Captain. Can you give me an authoritative statement of the pay and expenses of Mr. Roper in connection with his position in the Halifax Garrison? I think that I would be justified in taking the amount of his well-known fixed expenses from his Militia pay, before deducting the latter from his Civil Service pay.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. L. McDOUGALL, *A.G.*

HALIFAX, July 4, 1900.

SIR,—With reference to the letter of the Auditor General to the Deputy Min. M. & D. respecting the amount of my expenses here, necessary to my position as Captain, I beg to point out, what is, of course, well known to you, that it really takes more than his pay for a Captain to live here and maintain his position as head of a Company, and that it was never supposed by the Government, represented by the Minister of Militia, that any officer could take an appointment in this regiment, who had not private means, in addition to his pay.

My private means, in this case, were represented by my salary as a Clerk in the Civil Service at Ottawa, which the Government were good enough to say would be continued while I was serving here. As the original Order in Council only gave me leave, with pay, for the purpose of attending the Staff Course, this point of pay was not considered quite clear, and therefore another Order in Council was passed, giving the leave, *with pay, because I had been selected for Service here.*

I submit, therefore, for the consideration of the Deputy Minister of Militia and Defence and also of the Auditor General, that the question of the propriety of being paid from two sources has been decided by the Government in my favour, and that, however well taken the objection of the Auditor General may have been in the first place, that objection has been removed by the action of the Government which says that I am to receive the double pay and therefore authorises the Auditor General to sanction it.

I would, therefore, request you, sir, to be so good as to ask the Deputy Minister of Militia and Defence to urge upon the Auditor General the propriety of authorising the issue of my cheques without any further delay.

I am, sir, your obedient servant

SYDNEY C. D. ROPER, *Capt. & Major, R.C.R.*

July 6, 1900. B. H. VIDAL, *Lieut.-Col.*

AUDIT OFFICE, OTTAWA, December, 17, 1900

Sir,—Cheque No. 11134 of 1899-1900, Halifax Provisional Garrison, is a payment of $392.84 to Cragg Bros. & Co., Halifax, of a number of accounts per statement attached. An account for $177.55 is struck for the statement, a note stating that it is to be returned to Lt.-Col. Vidal for certificate. The balance of the accounts is reduced by a discount of 4 per cent. The account for $177.55 is subsequently paid under cheque 11532 with no discount. Should this account not be subject to the reduction of 4 per cent as well as the others?

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. L. McDOUGALL, *A. G.*

DEPT. OF MILITIA & DEFENCE, OTTAWA, December, 21, 1900.

SIR,—In reply to your letter of the 17th instant, relative to a payment of $392.84 to Cragg Bros. & Co., Halifax, vide M. & D. Cheque 11134, on which a discount of 4 per cent was allowed, and asking why a similar discount was not allowed on the balance of the account, viz $177.55 (paid by Cheque No. 11532) I have the honour to inform you that there was no arrangement made between this department and the above firm for a discount of 4 per cent. It was merely suggested by me that they allow us a discount of 4 per cent which they did on the first account.

I have the honour to be, sir, your obedient servant,

L. J. PINAULT, *Lt.-Col., D. M. of M. & D.*

The Auditor General.

Re Deficiencies of Stores, Reg. Depot No. 3, St. John's Que.

AUDIT OFFICE, OTTAWA, August 3, 1900.

SIR,—There has recently come to account a deposit of $28.20 for deficiencies of stores at Reg. Depot No. 4, R.C.R Infantry, Fredericton.

The papers in connection with this case show that on January 27, 1896, Q.M.Sergeant Lamontagne signed a note in favour of the acting quartermaster for $28.20. Major Chinic in his despatch of February 2nd last, states that this note was handed to him by Q.M.Sergt. Kennedy, he stating that Q.M.Sergt. Lamontagne handed it to him as partial payment of his deficiencies. Presumably the deposit was in acquittance of this note.

Quartermaster Fiset, in a despatch dated May 16, 1899, states that the deficiencies, which date since October, 1897, amount to $293.31 as per a statement attached. The deficiencies are in part as follows :—

53 pairs grey blankets at $2	$106 00
148 cotton sheets at 68c	100 64
14 grey shirts at $1.10	15 40
8 serge tunics at $3.75	30 00
14 pairs w. drawers at 60c	8 40
6 k. shirts at 60c	3 60
19 pairs braces at 22c	4 18
13 pairs mitts at 50c	6 50
Sundries	18 59
	293 31

Major Hemming commanding No. 4 R. Depot R.C.R. Infantry, in his depatch of June 7, 1899, reports Q.M.Sergt. Lemontagne stating as follows:—

"I am willing to pay $15, which, to the best of my knowledge and belief, will cover all my "deficiencies. As for the other articles, the quartermaster must have made a mistake in taking "stock, or in taking the wrong balance on the books. The last stock-taking took place on January "1, 1897. It was taken by Major Macdougall and Captain Fages, and everything was reported "correct. There is a record in the Orderly Room of this stock-taking as it was ordered by Lt.-Col. "D'Orsennens."

Major R. Lyndhurst Wadmore states in his despatch dated March 1, 1900, that on his taking command in June, 1898, he reported privately the state of affairs, as Lt.-Col. Vidal had previously done, adding that there appears to be little doubt that Q.M.Sergt. Lamontagne is responsible for these deficiencies.

Major Young commanding Royal Canadian Regt. suggests that Q.M.Sergt. Lamontagne be called upon to pay deficiencies and that $8 per month be stopped from his pay.

In view of these opinions, it seems strange that Col. Aylmer should rocommend that Q.M.Sergt. Lamontagne be called upon to recoup the department the $15 he acknowledges being responsible for, and that the balance of the alleged amount of deficiencies be struck off the charge of the Quartermaster's Department of No. 3 Regimental Depot. I have to remind you that no liability due any department can be written off without the recommendation of the Public Accounts Committee, approved by Parliament. Consequently this amount should be shown in the statement of arrears due.

I would also call your attention to the inconsistency of Q.M.Sergt. Lamontagne signing a note for $28.20 on January 27, 1896, and his statement in June, 1899, that $15 would cover all his deficiencies.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, October 16, 1900.

SIR,—In reply to your letter of the 3rd August last I have the honour to state that the matter concerning deficiencies in stores, Regimental Depot No. 3. St. Johns, Quebec, was investigated and I find that the responsibility cannot be put on Quartermaster Sergeant Lamontagne because he was only a subordinate, consequently, his commanding officer is the person who should account for the deficiencies in question.

I am, sir, your obedient servant,

The Auditor General. L. F. PINAULT, *Col., D.M.M.& D.*

AUDIT OFFICE, OTTAWA, January 5, 1901.

SIR,—In your letter of October 16 last, you state that the responsibility for the deficiencies in stores at St. Johns, Quebec, cannot be put on Quartermaster Sergeant Lamontagne, because he was only a subordinate; consequently his commanding officer is the person who should account for the deficiencies in question.

You have not stated who the commanding officer in question is, nor what steps you have taken to have the amount of the deficiencies made good. An early reply is requested.

I am, sir, your obedient servant,

The Deputy Minister Militia and Defence. J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, January 9, 1901.

SIR,—In reply to your letter of the 5th instant concerning deficiencies in stores at Regimental Depot No. 3, St. Johns, Quebec, I have the honour to inclose herewith copies of a report from the Adjutant General of Militia and the Major General Commanding the Militia, dated May 1, 1900, and August 8, 1900, respectively.

I am also to inform you that I have written Col. D'Orsonnens on the subject.

I am, sir, your obedient servant,

The Auditor General. L. F. PINAULT, *Col., D.M.M. & D.*

MEMORANDUM *from the Major General Commanding the Militia.*

OTTAWA, August 8, 1900.

SIR,—I have very carefully gone through the correspondence respecting the deficiencies in the Quartermaster's stores of No. 3. Regimental Depot, Royal Canadian Regiment of Infantry.

The responsibility for safe custody of stores rests primarily upon the commanding officer, and cannot be shifted on to a non-commissioned officer, and, consequently, it appears to me that Lieut.-Col. D'Orsonnens having failed to hand over to his successor in command the stores in his charge, should make good to the public the value of the articles deficient.

I am, sir, your obedient servant,

The Deputy Minister Militia and Defence. R H. O'GRADY-HALY, *M.G., C.C.M.*

Re Militia Revenue—Refund to Lt.-Col. Roy.

AUDIT OFFICE, OTTAWA, April 6, 1900.

SIR,—Your application to the Deputy Minister of Finance for a refund of $27.04 to Lt.-Col. T. Roy has been transferred to this office.

I have to ask for a detailed statement of the account paid, $46.29 ; and a full explanation why it should have only been $19.25.

The deposit receipt attached to your application is dated Nov. 6, 1897. Please explain the delay in discovering the overpayment.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence J. L. McDOUGALL, *A.G.*

NOTE—No reply received. Application has not been acted on. J. L. McD.

Re Outstanding Cheque.

AUDIT OFFICE, OTTAWA, February 22, 1900.

SIR,—On September 8, 1896 a Receiver General's cheque for $17.71 was issued on application from your department, in favour of the Warden and Treasurer of the County of Kent. This cheque has not since been presented at the bank for payment. If you are aware of the reasons why it has not been cashed, I would be glad to be informed, in order that steps may be taken to dispose of the matter.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, March 23, 1900.

SIR,—In reply to your letter of the 22nd February last, relative to a Receiver General's cheque for $17.71, dated 8th September, 1896, issued on application of this department in favour of the Warden and Treasurer of the County of Kent, I have the honour to inform you that, after careful searches no record can be found of this cheque having been received in the Military Branch of the department, although our books show that the cheque was forwarded to the district officer commanding Military District No. 1, on the 18th September, 1896.

The cheque has apparently been lost.

I am, sir, your obedient servant,

The Auditor General. L. F. PINAULT, *D.M.M.& D.*

AUDIT OFFICE, OTTAWA, March 24, 1900.

SIR,—In your letter of the 23rd instant you state that the Receiver General's cheque for $17.71 in favour of the Warden and Treasurer of the county of Kent, about which I wrote you on February 22 last, was forwarded to the district officer commanding Military District No. 1.

Have you inquired from this officer what he did with it ?

If the cheque was not delivered to the warden or treasurer of the county of Kent, and cannot now be found, you should apply for a duplicate, giving full particulars.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, October 2, 1900.

SIR,—Adverting to your letters of February 22 and March 24 last, on this subject, I have now the honour to inclose you herewith all the papers in this case. You will see on perusal of the same that no trace of the lost cheque can be found anywhere, and I am to request that you will be good enough to cause a duplicate cheque for $17.71 to be issued in favour of the warden and treasurer of the county of Kent.

I am, sir, your obedient servant,

The Auditor General. L. F. PINAULT, *D.M.M. & D.*

AUDIT OFFICE, OTTAWA, October 5, 1900.

SIR,—I am in receipt of your letter of October 2, applying for a duplicate of cheque No. 2418 for $17.71, issued September 8, 1896, in favour of the warden and treasurer of the county of Kent, as no trace of the lost cheque can be found anywhere.

You state in your letter of March 23 last that your books show that the cheque was forwarded to the district officer commanding Military District No. 1 on September 18, 1896. Presumably the letter containing this cheque was registered, as the Order in Council of December 6, 1882, directs that all letters containing cheques shall be registered. If so, it should be possible to find out through the Post Office Department to whom it was delivered.

It is desirable that all possible means of discovering the cheque, or finding out what became of it, should be exhausted before issuing a duplicate. A bond of indemnity should under certain circumstances be obtained as security against a duplicate payment in the event of the cheque turning up.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF MILITIA AND DEFENCE, OTTAWA, November 29, 1900.

SIR,—Adverting to previous correspondence relative to the missing cheque for $17.71, in favour of the Warden and Treasurer of the County of Kent, being the amount due the County out of the proceeds of the sale of the Tilbury Drill Shed. I have the honour to inform you that District Officer Commanding Military District No. 1, found the cheque in question among a lot of old papers in his office, the same having been filed away in 1896 by his predecessor in office, without having been entered in the registers. As this cheque was issued from your Department will you please inform me whether there is any objection to forwarding the same to the payees.

Kindly return the M. & D. File forwarded to your office on the 2nd ultimo.

I am, sir, your obedient servant,

L. J. PINAULT, *D. M. M. & D.*

The Auditor General.

AUDIT OFEICE, OTTAWA, November 30, 1900.

SIR,—I have received your letter of the 29th., stating that the missing cheque for $17.71 in favour of the Warden and Treasurer of the County of Kent has been found. As you think, it should go to the payees.

As requested, I am returning herewith your Departmental file in connection with this case.

I am, your obedient servant,

The Deputy Minister Militia and Defence. J. L. McDOUGALL, *A.G.*

Re Royal Military College—Refunds to Cadets.

AUDIT OFFICE, OTTAWA, June 26, 1900.

SIR,—Let me acknowledge the receipt of your letter of the 19th instant, with inclosed memorandum from accountant and report from the Commandant, relative to certain payments charged to the appropriation for Royal Military College.

The credit balances referred to are clearly a proper charge against Royal Military College revenue. Will you please apply for the necessary transfer. In the absence of the full accounts showing how the various balances are made up, which the commandant says it is not possible to furnish with his present clerical staff, there should be supplied a memo. covering each case showing the dates of the deposits and the amounts, and the amount of supplies furnished, certified by the proper officer and the commandant. Some explanation should be given for the refund of one-half the fee in Cadet Kirkpatrick's case.

As to the travelling allowances to graduates please furnish statements showing how each amount allowed is arrived at.

I am, sir, your obedient servant,

The Deputy Minister, Militia and Defence. J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, July 21, 1900.

SIR,—As requested by your letter of the 26th ultimo, I have the honour to inclose to you, herewith, a statement from the Commandant of the Royal Military College, Kingston, dated 9th instant, showing the date of deposits and the amounts of various balances concerning that institution.

I am, sir, your obedient servant,

The Auditor General. L. F. PINAULT, *D. M. M. & D.*

AUDIT OFFICE, OTTAWA, July 26, 1900.

SIR,—In reply to your letter of the 24th instant making application for refunds to certain Cadets of the balances at their credit, I have to ask for a statement showing the dates of the deposits and the amounts, the amount of supplies furnished each year and the balance now due.

I would like to know what are the regulations as to the control of supplies at the college, and how often stock is taken.

I am, sir, your obedient servant,

The Deputy Minister, Militia and Defence. J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, August 9, 1900.

SIR,—Adverting to previous correspondence relative to refunds to Cadets, Royal Military College, I have the honour to inclose you, herewith, a report from the Commandant of the Royal Military College, together with a statement giving the particulars requested.

I am also to request that you will be good enough to add the name of Cadet A. H. Greenlees for the sum of $25.73 to the list already sent.

I am, sir, your obedient servant,

The Auditor General. L. F. PINAULT, *D. M. M. & D.*

ROYAL MILITARY COLLEGE, KINGSTON, August 9, 1900.

SIR,—Statement herewith as requested. It appears that the Auditor General now requires a complete statement of the account of each cadet during the whole of his service. This has never been required before, and the present necessity for it is not understood, my statements having up to date always been considered sufficient.

The system of issuing supplies to the cadets is the result of twenty-four years' experience, and is in my opinion quite satisfactory, but I should be glad to submit the whole of the forms to the Auditor General for any improvements he may suggest.

The cadets submit requisitions which are signed by the captains of companies and the staff adjutant before being complied with. The captains of companies enter on their ledgers all clothing, &c., issued to the cadets on requisition. Each cadet signs his accounts at the end of the month, and they are subsequently submitted to the commandant for his inspection and approval.

Adjutant General. G. C. KITSON, *Com. R.M.C.*

AUDIT OFFICE, OTTAWA, August 13, 1900.

SIR,—I have received your letter of the 9th inclosing statements, &c., in reference to your application for refunds of balances due certain cadets of the Royal Military College.

As you desire to have these refunds charged to the accounts of 1899-1900, and the Finance Department purpose closing the books of that year on August 31, I will pass without further question an application for these refunds. Possibly some of these charges should be made payable to the fathers of the cadets or other connection. In making application please give the names of persons to whom payment is to be made.

The question of furnishing the details of each month's supplies may stand for the present, and in the meantime I have to ask that the details of one cadet's account may be furnished, say that of Mr. Baker, the first on the list.

I am, sir, your obedient servant,

The Deputy Minister of Militia and Defence. J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, August 24, 1900.

SIR,—In reply to your letter of the 13th instant, I have the honour to inclose you herewith statements from the commandant of the Royal Military College, giving all the information required in connection with refunds to cadets, and I am to request that cheques be prepared in accordanee with the commandant's wishes.

I am, sir, your obedient servant,

The Auditor General. L. F. PINAULT, *D.M.M. & D.*

OTTAWA, August 21, 1900.

SIR,—Referring to the letter from the Auditor General, dated August 13, in this matter which is inclosed in M. and D. file No. 18835, I have the honour to forward herewith the details of the account of Cadet Baker, as requested by the Auditor General.

I have the honour to request that in forwarding this statement to *the Auditor General you will intimate to him that the furnishing of even this one statement for one cadet for one year has occasioned a good deal of extra work, as these accounts are not kept in the form given in the statement, as it would not in any way suit the college requirements ;* and that if statements such as this for all the cadets are required each year, it will be absolutely necessary to increase the clerical staff of the college.

A. H. O'GRADY-HALY, *Major-General, C.C.M.*

The Deputy Minister, Militia and Defence.

Overpayments, &c., on Accounts of 1898-9.

North-west Mounted Police, Ottawa, Dec. 20, 1900.

Sir,—Referring to the several letters published in your annual report for 1898-9, respecting incomplete accounts connected with Mounted Police service in the Yukon Territory.

I have the honour to inform you that all these accounts have been adjusted, with the exception of one item of $596.50, and an alleged overpayment to Mr. D. G. Stewart for logs, lumber and cordwood. The $596.50 represents an amount forwarded in cash by Supt. Steele, Dawson, to Supt. Wood at Tagish, which was lost by the sudden breaking up of ice on the Yukon river, the mail carrier barely escaping with his life. Copies of declarations herewith transmitted. No portion of this mail has been recovered.

The dispute with D. G. Stewart, I regret to say, is still undecided. In the meantime, however, a sufficient amount has been withheld from current contracts to protect the Government against loss.

I am, sir, your obedient servant,

FRED. WHITE, *Comptroller.*

The Auditor General.

Re Arrears Due.

NORTH-WEST MOUNTED POLICE,
OTTAWA, January 28, 1901.

SIR,—Referring to your circular-letter requesting the customary statement, arranged alphabetically, of "all arrears due on June 30 last that have not since been paid (1) by collecting officers, (2) "by disbursing officers, (3) by all other persons, whether Government officers or not; together with "a report of the reasons why arrears due last year have not been collected."

We have no collecting officers, and all amounts entrusted to disbursing officers have been accounted for so far as relates to the North-west Territories.

With regard to the Yukon, there are a few unsettled claims, but all are in course of adjustment and will be satisfactorily accounted for.

I am, sir, your obedient servant,

The Auditor General. FRED. WHITE, *Comptroller.*

Temporary Assistance at a higher rate of pay than allowed by Statute.

AUDIT OFFICE, OTTAWA, May 2, 1900.

SIR,—I beg to bring to your notice several payments made during the month of December last amounting to $396.25 for the services of temporary letter carriers and temporary sorters and stampers at the Toronto post office. These employees were paid at the rate of $1.25 per diem, which I think is in excess of the remuneration authorized by statute.

Though there is no explicit authority, so far as I can find in the Civil Service Act, for the employment of temporary letter carriers or temporary sorters and stampers, still I presume the Governor in Council is within his statutory right in treating employees of these grades as coming under the general classification of temporary service, enumerated under section 10, subsection (*b*) of 58-59 Victoria, chapter 15; but in such case the rate of remuneration should not exceed $300 per annum.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, May 16, 1900.

SIR,—With reference to your letter of the 2nd instant calling attention to the fact that certain temporary employees in the Toronto post office were paid during the month of December last at $1.25 per diem, which you think is in excess of the remuneration authorized by statute, I beg to say that the employees in question were engaged during the Christmas holidays when there was a great pressure of work, and on the understanding that their services would be required for one month only. The engagement of extra assistance in the Christmas season is a matter of absolute necessity, and as business establishments are also forced to increase their staffs more or less during the same period, the charge for spare labour is higher at that time than usual. It is consequently impossible for the post office to obtain the services of responsible men, sufficiently educated, to be entrusted with the delivery of letters at such a rate as $300 a year for one month only.

It was under these exceptional circumstances that the department found itself obliged to pay the wages to which you have called attention.

I am, sir, your obedient servant,

The Auditor General. R. M. COULTER, *D.P.G.*

Superannuation Deduction—Lebel and Duncan.

AUDIT OFFICE, OTTAWA, September 11, 1900.

SIR,—I wrote to you under day May 7, 1898, with reference to the recall of Mr. J. A. W. Lebel to the Civil Service, under section 12 of the Civil Service Superannuation Act, calling your attention to the fact that though he was over forty-five years of age, he was allowed to contribute to the superannuation fund. I have had no reply so far as I can ascertain to this letter; but I find on reference to the pay-lists of the inspector's office at Quebec that the usual deductions for superannuation purposes are still made from his salary.

It seems to me the deductions in question cannot legally be made, and therefore that a cheque should issue in Mr. Lebel's favour for the amount of such deductions since August, 1897.

Please make the necessary application to this office for a cheque in Mr. Label's favour to be charged to Superanuuation Fund No. 1, so that the matter may be closed without further delay.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, October 3, 1900.

SIR,—I beg to call your attention to my letters of September 11 and 14 last, with reference to the superannuation deductions from the salaries of Messrs. Lebel and Duncan, and to point out that I have not been informed what action the department has taken in these cases.

I shall be glad if you will let me know at your earliest convenienec, as I consider it necessary that these matters should be adjusted before the report of your expenditure for last year has been sent to the printer.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

Reduction in price of Dated Stamps discontinued after February, 1900.

AUDIT OFFICE, OTTAWA, December 21, 1900.

SIR,—I find on examination of the accounts rendered by the Pritchard-Andrews Co. for dating stamps and other post office supplies furnished during last year that a reduction of ten per cent was made on certain articles up to February 28, 1900. After that date the accounts sent me appear to have been paid in full, and I should like to have your explanation for discontinuing the reduction made in the early part of the fiscal year.

I am, sir, your obedient servant,

The Deputy Postmaster General. J.L. McDOUGALL, *A.G.*

POST OFFICE DEPARTMENT, OTTTAWA January 3, 1901.

SIR,—I have the honour to acknowledge your letter of the 21st ult., in which you state that upon examining the accounts rendered by the Pritchard-Andrews Co., for dating stamps and other Post Office supplies furnished during last year, you observed that the discount of 10 per cent which was made up to February 28, 1900, has since been discontinued, and ask for an explanation in the matter,

In reply I beg to say, that the discount in question was first allowed in March 1898 as the result of negotiations with the Pritchard-Andrews Company, but that in February of last year, the Company represented to the Postmaster General that in view of the general increase in the cost of material entering into the manufacture of Steel Dated Stamps, Brass Crown Seals and Brass Obliterators, they would be unable to make the discount any longer.

Up to that time Date Stamps furnished by the Company in question had been guaranteed as follows:—

Those used in City Post Offices	for 3 years
" " In Accounting Post Offices	" 4 "
" " Non-Accounting Post Offices	" 5 "

The Company made an offer to the Department, in connection with the proposed discontinuance of the discount, to extend the guarantee for the articles mentioned as follows:—

For those used in City Post Offices	to 4 years
" " Accounting Post Offices	" 5 "
" " Non-Accounting Post Offices	" 6 "

On this understanding it was agreed that the discount would not be applied to accounts rendered after the month of February, 1900.

I have the honour to be, Sir, your obedient servant,

W. D. LESUEUR,

The Auditor General. *Acting Dy. P.M.G.*

Deduction made from Price of uniforms.

POST OFFICE DEPARTMENT, OTTAWA, JANUARY 3, 1901.

SIR,—I have the honour to acknowledge your letter of the 26 ult., asking for an explanation of a deduction of 15 per cent made upon an account for Letter Carriers' uniforms supplied to this Department in April 1900.

In reply I am to say, that the articles in question, having been found upon expert examination to fall short of the standard of quality called for by the contract made with the manufacturer, were thrown back on his hands, but were afterwards accepted subject to deduction of 15 per cent from the contract price, which in the opinion of the official examiner of uniforms fully covered the difference in quality.

I am, Sir, your obedient servant,

W. D. LESUEUR,

The Auditor General *Acting Dy. P.M.G.*

Re Salaries of Postmasters charged to Revenue.

AUDIT OFFICE, May 8, 1900.

SIR,—I inclose a statement of certain post offices at which the salary paid the postmaster in 1898-99 was greater than the revenue of that year. As the salary of one year is based on the revenue of the previous year, I have entered on this statement the gross revenue and salary for 1897-98 and 1898-99. What is the explanation of the great falling off in the revenue in 1898-99 at some of these post offices.

I am sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Postmaster General.

POST OFFICE DEPARTMENT, OTTAWA, May 18, 1900.

SIR,—I beg to acknowledge the receipt of your letter of the 8th instant inclosing a statement of certain Post Offices at which the salary paid the Postmaster in 1898-9 was greater than the revenue of that year and asking for an explanation of the great falling off in the revenue in 1898-9 at some of these offices.

In reply I beg to say that it is not unusual for revenue to fluctuate considerably in outlaying places such as Algoma Mills and Spragge, but that to explain fully what caused such falling off in revenue the department would be obliged to make local inquiry which would take some little time and that if you think it desireable such inquiry will be made.

I am to add that wherever there is a marked falling off in revenue the salary is reduced accordingly.

Yours faithfully,

The Auditor General. R. M. COULTER, *D.P.G.*

AUDIT OFFICE, OTTAWA, May 31, 1900.

SIR,—In reply to your letter of the 18th instant in reference to the fluctuations in the revenue of some of the outlying post offices, I have to say that I think it desirable that the department should have some fixed procedure whereby a marked percentage of reduction in the revenue would be automatically investigated. Whether the general instructions should cause the postmaster whose revenue has declined, to furnish the explanations without being requested, or he should wait until he receives instructions from the department, the department being moved to this by the Accountant's Branch, is matter which you can settle better than I can. It seems to me that the postmaster should make the report without being asked, in all places of importance in which there has been a marked percentage of reduction. You, however, may see reasons which are unknown to me and which make the alternative course a better one.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, OTTAWA, May 11, 1900.

SIR,—The Postmaster General stated in the House on March 1st last, that postmasters in towns and villages are paid by a percentage on their legitimate collections of post office revenue as follows:—On first $800 of revenue 40 per cent; over $800 and not exceeding $10,000, 25 per cent; over $10,000, 15 per cent. Allowance for rent, fuel and light when the revenue reaches $800, an allowance of $40; for each additional $400 up to $2,000, $20; and a like sum for each additional $500 over $2,000. In British Columbia, $75 is granted in lieu of $40. There is also an allowance to offices at which mails for other offices are made up and forwarded, equal to 10 per cent of the revenue of the offices served.

Has this schedule been followed in making up the salaries and allowances paid in 1898-99? On what year's revenue are the salaries based that were paid in 1898-99?

The warrants issued to postmasters authorising them to deduct from their revenue the amount due them for salaries and allowances, are not furnished to this office, nor any statement of them. Consequently no audit is made of this expenditure, amounting last year to over $1,000,000. I shall be glad to hear from you on the subject.

Please forward the statement of the warrants issued at your early convenience.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

POST OFFICE DEPARTMENT, OTTAWA, May 22, 1900.

SIR,—I beg to acknowledge the receipt of your letter of the 11th instant inquiring whether the scale of payment to postmasters in towns and villages referred to by the Postmaster General in the House of Commons on the 1st March last, was followed in making up the salaries and allowances paid in 1898-9, and on what year's revenue the salaries paid that year were based.

In reply I beg to say that the salaries paid during the year ended June 30, 1899, were based, according to the best means of information obtainable, on the legitimate revenue collected during the preceding fiscal year. and that the scale referred to by the Postmaster General was followed in making up the salaries for the year in question.

In connection with this matter, I beg to call your attention to a letter from this department, dated December 9, 1895, in which the procedure followed in fixing postmasters' salaries was explained.

If you desire it the paid salary warrant will be sent to you as soon after the close of each quarter as the necessary work in connection with them will permit, it being understood that, inasmuch as frequent reference is made to them by the Accountant's Branch, they will be returned with as little delay as possible.

I am, sir, your obedient servant,

The Auditor General. R. M. COULTER, *D.P.G.*

AUDIT OFFICE, OTTAWA, May, 29, 1900.

SIR,—In yaur letter of the 22nd, you state that the salaries paid in 1898-99 were based on the revenue of 1897-98, and that the scale of percentages referred to by the Postmaster General in the House of Commons, was followed.

In my letter of the 8th instant was inclosed a statement of nine post offlices, the revenue of which in 1897-98 was $1,830.12, and the salaries paid in 1898-99 was $1,412, over 77 per cent, while the regulations only authorized 40 per cent.

There is also a large number of other post offices at which the salaries paid for 1898-99 far exceed the amounts due according to the scale in question.

I shall be glad to have an explanation.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A. G.*

AUDIT OFFICE, OTTAWA, December, 11, 1900.

SIR,—I have had no reply to my letter of May 29 last, asking for an explanation of the payments to certain postmasters who appeared to have been paid in excess of the regulations.

Your early attention is requested.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A. G.*

Re Special Letter of Credit for Post Office Expenditure charged to Revenue.

AUDIT OFFICE, OTTAWA, June, 9, 1900.

SIR,—I have to ask your consideration of the propriety of getting a special Letter of Credit and issuing cheques instead of the warrants now in use, in paying the salaries and allowances to postmasters in towns and country places.

This change if effected will not interfere with the present practice of charging these salaries and allowances to Post Office Revenue : it will render unnecessary any further reference to these warrants on the returns of postmasters ; it will simplify the auditing of both revenue and expenditure ; it will afford the means of having the expenditure directly charged to the account desired ; and it will make the practice of payments by cheque, found by experience so desirable and satisfactory, universal for all Government transactions.

A special form of cheque could be used, readily distinguishable from the ordinary cheque used in the department ; and provision could be made on it for the information as to " Postage collected in Cash " now entered on the warrant.

I will be pleased to hear from you as soon as passible on the subject, and would be only too glad to discuss it with you, if you desired.

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A. G.*

POST OFFICE DEPARTMENT, OTTAWA, December 12, 1900.

SIR,—I have your letter of the 11th instant, in which you draw attention to your previous communication of June 9 last, in which you suggested the propriety of paying country postmasters, now paid by departmental warrant, by means of cheques drawn against a special letter of credit.

In reply I beg leave to say that the system of payment by warrant has been in force in the department since 1888, and has in practice given great satisfaction ; and that to my mind, the reasons assigned in your letter are hardly of sufficient weight to justify the proposed change.

The fact that cheques would not require to be referred to on the postmaster's account would not cause any saving of time, because a strict account with the banks would require to be kept which would more than off-set the labour in connection with the present method of accounting for warrants.

The issue of warrants is charged against revenue, and so far the result is the same as if cheques were employed.

The facility with which a warrant issues gives that mode of payment a great advantage over the issue of a cheque. A cheque necessarily requires the signature and counter signature of staff officers ; it has to be accompanied by a voucher, and inclosed in an envelope and is consequently a somewhat complex operation. A warrant, on the other hand, not being drawn upon a bank, but upon the department itself, requires no written signature. It provides for a receipt by the person receiving the amount, and does not require to be covered by an envelope. Of the safety and sufficiency of the warrant when drawn by the department upon itself there can be no question, the experience of the British department and of this department being conclusive on this point.

As there are in round figures 50,000 warrants issued yearly, it is evident that the substitution, of cheques would call for an appreciable addition to the clerical force of the accountant's branch of this department.

Another point which must not be lost sight of is that cheques sent by mail require registration which in itself would entail a great deal of extra labour, not only at head quarters but also in local and railway post offices.

I am, sir, your obedient servant,

The Auditor General. W. D. LESUEUR, *Acting Deputy Postmaster General.*

Re Postage Stamps Furnished to the Immigration Branch of the Department of the Interior.

AUDIT OFFICE, OTTAWA, December 12, 1900.

SIR,—According to the statement of postmaster's stamp account, lately received from your department, postage stamps were furnished during the year ended June 30 last, to the Immigration branch of the Department of the Interior, without repayment, amounting to $3,798.03.

I have to ask for a statement showing by months when these stamps were delivered.

Is the practice still in existence, and if not when was it stopped ?

I am, sir, your obedient servant,

The Deputy Postmaster General. J. L. McDOUGALL, *A.G.*

POST OFFICE DEPT., OTTAWA, December 14, 1900.

SIR,—In accordance with the request made in your letter of the 12th inst., I have the honour to enclose herewith a statement, showing the amount of postage stamps furnished to the Immigration Branch of the Department of the Interior month by month during the year ended 30th June, 1900; and in reply to your question as to whether the practice of furnishing stamps to the Department of the Interior is still in existence, I have to inform you that the practice was discontinued in the month of February last.

I may add that an amount of $11.13 was paid by the Department of the Interior to defray the cost of manufacture of the stamps in question.

I am, sir, your obedient servant,

The Auditor General. W. D. LESUEUR, *Acting D.P.G.*

AUDIT OFFICE, OTTAWA, December 13, 1900.

SIR,—I am under the impression that you informed me verbally that the Treasury Board had decided against the action of the Post Office Department furnishing stamps without repayment to the Immigration Branch of the Department of the Interior. I have not been furnished with a copy of the decision. Please let me have one.

The question comes up again owing to the returns of the Post Office Department lately received showing that during the year ended June 30th last, stamps to the value of $3,798.03 had been furnished.

When was the department notified of the decision of the Treasury Board ?

I am, sir, your obedient servant,

The Secretary of Treasury Board. J. L. McDOUGALL, *A.G.*

TREASURY BOARD, OTTAWA, December 17, 1900.

SIR,—I am in receipt of your letter of 13th instant in reference to the action of the Post Office Department in furnishing stamps, without repayment, to the Immigration Branch of the Department of the Interior.

On the 6th April last, I sent you a copy of an opinion of the Deputy Minister of Justice under date of 8th November, 1899, to the effect that the view taken by you in regard to the practice of the Post Office Department. in reference to these stamps was correct in point of law, and a copy of such opinion was sent to the Deputy Postmaster General.

I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, *Secretary T.B.*

AUDIT OFFICE, OTTAWA, December 18, 1900.

I am, sir, your obedient servant,

The Secretary Treasury Board. J. L. McDOUGALL, *A.G.*

International Commission.

AUDIT OFFICE, OTTAWA, June 13, 1900.

SIR,—Mr. King has forwarded his account amounting to $865.16 for travel, and living expenses of his trip to England in September and October last.

I have not received any Order in Council fixing Mr. King's living allowance on this trip. There was an Order in Council passed in September, 1898, fixing the living allowance of yourself, Mr. Parmelee, Mr. Venning and Mr. King while in attendance upon the British Commissioner at Quebec, but that Order cannot be considered as covering a trip to England when no Commission was sitting.

Mr. King charges $10 per day from September 6 to October 30, the whole time occupied in his trip, including the time he was on board the steamer. An Order in Council passed November 10, 1886, reads as follows:—" (1) The per diem allowance for maintenance shall not hereafter be paid " to such officers for days spent on board steamers, or steamships, or other modes of conveyance if " the passage money includes meals and all other accommodation." Mr. King has not therefore the sanction of Council in charging for the days while on steamer going and returning.

It does seem unreasonable that Mr. King should charge living allowance for the time he was on the steamer, and also for £1 19*s.* 0*d.* each way for tips to servants.

The charge for trunk, rug and shawl-strap, $33.80 should be paid by Mr. King himself.

I am, sir, your obedient servant,

The Under Secretary of State. J. L. McDOUGALL, *A.G.*

SECRETARY OF STATE DEPT., OTTAWA, June 20, 1900.

SIR,—I have the honour to acknowledge the receipt of your letter of the 13th instant on the subject of Mr. King's travelling and living expenses.

With reference to his charge of $10 a day, I beg to say that before leaving for England in September last, I had the authority of the Prime Minister to inform Mr. King that the provisions of the Order in Council of September 10, 1898, granting both myself and him $10 a day during our absence

rom Ottawa on the business of the International Commission was applicable to this journey, the expenses of which were to be defrayed from the Commission vote. For the rest, I might observe that Mr. King is a chief officer of the public service, competent to account for his own charges and in no wise responsible to me for their correctness. However, as you have addressed me on the subject, I shall transmit a copy of your letter to him, and in doing so will avail myself of the occasion to point out what he would scarcely infer from your remarks, that his charge of $10 a day during the time he was at sea is and has been for a considerable number of years past a settled practice with officials of this Government under similar circumstances. I shall also invite his attention to the fact that the Order in Council of November 10, 1886, which you quote, is general in its terms, while the Order in Council of September 10, 1898, which governs Mr. King's case, is categorical and specific in its provisions, authorizing the charge of $10 a day for every day during his absence from Ottawa, and I will bring to his knowledge that at a period subsequent to the date of the first mentioned Order in Council, and in relation to this very subject, the Department of Justice ruled that in so far as particular Orders in Council differ from General Orders in Council, "the former, and not the latter, are to be considered "as the authority for the expenditure." I think, too, it would be only right that I should acquaint Mr. King that I, with the concurrence of my then chief, made this charge in 1893—that I have made it as regards my travel for 1899, and that in doing so I have not had to rely solely upon the precedent furnished by myself, for it is recorded in your annals that both Mr. Sedgwick, the late, and Mr. Newcombe, the present Deputy Minister of Justice, Mr. Courtney, the Deputy Minister of Finance, Mr. Douglas Stewart, the present Inspector of Penitentiaries, and other officials, more recently, have made the same charge. If Mr. King expresses a desire for further information on the subject, I shall refer him to the pages of the Auditor General's Report for 1892-93, where he will find a correspondence between the Auditor General, the Marine Department, and myself, dealing therewith.

In regard to Mr. King's charge for fees on steamers, I propose to draw his attention to the circumstance that the volume of the Auditor General's Report to which I have alluded above, shows that on the occasion of the Behring Sea arbitration, Mr. Douglas Stewart, Mr. Arthur Horan, Mr. Joseph Pope, Dr. G. M. Dawson, and Mr. J. M. Macoun, made precisely the same charge, and does not show that the Auditor General raised any objection thereto, he recognizing, no doubt, what everyone knows that these fees are practically compulsory, and in reality form part of the passage money.

I leave Mr. King to explain the charges for trunk, etc., amounting to $33,80, of which I know nothing.

I am, sir, your obedient servant,

The Auditor General. JOSEPH POPE.

SECRETARY OF STATE DEPARTMENT, OTTAWA, September 22, 1900.

SIR,—I have the honour to acknowledge the receipt of your letter of the 17th instant, and also of your previous letters (5), dated August 8th last, in reference to the expenditure on account of the International Commission during 1899-1900. I was absent from Ottawa when your letters arrived and for some time after, and since my return I have been busy with other matters, which I trust will explain my silence.

I may say at the outset that four of your five letters are apparently written under the misconception that the list of cheques drawn by me on the Bank of Montreal, which I sent you on the 19th June last, was intended as a statement of the expenditure on the occasion of Sir Louis Davies and my visit to England in connection with the Alaska Boundary last autumn. Now, that list of cheques does not profess to be a statement of disbursements or to show how the credits I received were spent. It really conveys no information on that head, or indeed no useful information at all, and I sent it only because you asked for it. I now inclose a full statement of expenditure, together with vouchers showing the balance in my hands to be $109.27, which I have deposited to the credit of the Receiver-General.

I have the honour to be, sir, your obedient servant,

The Auditor General. JOSEPH POPE.

AUDIT OFFICE, OTTAWA, October 1, 1900.

SIR,—I have received your letter of the 22nd ultimo, inclosing a statement of disbursements of official trip to England *re* Alaska Boundary mission, chargeable to the vote for International Commission.

In reference to the charge of $10 per diem made by yourself and Mr. King, I am treating it in a separate letter.

I called attention in my letter of June 13 last to a charge of $33.80 made by Mr. King for a trunk, &c. I do not find that this has since been refunded.

No vouchers have been furnished for the following :—

Steamship fares :—Mr. King,	$100—£20	$193.33
Mr. Gordon,	$75—£20	$172.33
Yourself		$251.48

It is customary to give details of disbursements for railway fares, showing point of departure and destination.

The vouchers furnished for payment to Hotel Metropole for office rent and service—$399.90—consist of receipts amounting to only £74—13—3 ($363.35). I have to ask for the statements of the Hotel, giving details.

I am, sir, your obedient servant,

The Under Secretary of State. J. L. McDOUGALL, *A.G.*

SECRETARY OF STATE DEPARTMENT, OTTAWA, October 30, 1900.

SIR,—I duly received your letter of the 1st instant, on the subject of disbursements in connection with my official visit to England last year.

As regards Messrs. King and Gordon, I can only repeat that they are responsible officers of the Government, belonging to departments other than mine, detailed for this service, and competent to account for their own expenditure. I certainly do not hold myself responsible therefor.

Touching your implied request to be supplied with the vouchers for my steamship fares, I beg to say that I have no such vouchers: that I never was asked for any before, and, though I have taken some pains to satisfy myself upon the point, I cannot find that such a demand has ever been made by your office upon any of my colleagues in the service. When I purchased my ticket I received a certificate of some sort. On going on board I handed it to the purser or bedroom steward, I really forget which, and that was the last I saw of it.

With reference to details of disbursements for railway fares, I am aware that such are generally given, but happening to mislay some memoranda, I was unable to set down the exact figures, and in view of the moderate amount I thought I might let it go as it was. As, however, you manifest a desire for fuller information, I may say that I paid $10.50 for three trips to Montreal, $15 from Liverpool to London and return, and $12 New York to Montreal. The balance ($17.74) was spent, as far as I can recollect, in England, and, if my memory serves me, includes underground fares.

As regards the vouchers for payments to the Hotel Metropole, I can only say that I sent you all I had. There were a few extras (amounting to $36.55) not entered upon the bill, which Sir Louis Davies has vouched for as correct. I sent you his certificate to that effect.

I am, sir, your obedient servant,

The Auditor General. JOSEPH POPE.

AUDIT OFFICE, OTTAWA, October 1, 1900.

SIR,—In the statement furnished by you on May 7 last, of the expenses of your trip to England on account of the International Commission, you charge a living allowance from the day you left Ottawa till your return—55 days at $10 per diem. You also charge $33.80 for a trunk, rug and shawl-strap.

There is no Order in Council that I know of authorizing you to charge a living allowance of $10 per diem on this trip. The Order in Council of September, 1898, fixing the allowance at $10 while in attendance on the British Commissioners at Quebec cannot be considered as covering a trip to England when no commission was sitting. The Order in Council in force at present and observed by the officers of the Government called to travel on official business, is dated February 6, 1893, and provides that all previous Orders in Council granting allowances for living expenses be repealed, and that the actual travelling and living expenses be paid. Further, there is no authority for charging $10 or any other living allowance while on the steamer when your living allowance is covered by the amount paid for your passage. An Order in Council dated November 10, 1886, which has not been repealed, expressly states that no allowance for maintenance shall be allowed while on board steamers where the passage money includes meals and accommodation. In consequence I have to ask you for a statement of your actual disbursements while on the trip, supported by vouchers where possible; and if this statement is less than the amount you have charged in your account, that you shall refund the balance.

Notwithstanding your charge for living allowance on the steamers when there was no disbursement, you charge £1 19s. each way for tips to servants.

There is no authority for the charge you make for trunk, rug and shawl-strap and no such charge is ever passed. I have to ask you to refund the amount.

On receipt of your statement in May last, I wrote Mr. Pope, under whose control this appropriation was placed, in reference to the above items. In his reply he took up the question of living allowance, and the correspondence in reference thereto is still unfinished. As to the other points, he referred me to you.

I am, sir, your obedient servant,

W. F. KING, Esq., Chief Astronomer, Interior Dept. J. L. McDOUGALL, *A.G.*

DEPARTMENT OF THE INTERIOR, OTTAWA, October 20, 1900.

SIR,—I have the honour to acknowledge receipt of your letter of the 1st instant, having reference to my account of expenditure on a trip to England last year, and criticising certain charges therein.

The charges to which you make objections are:

(1.) The charging of a living allowance at all, instead of giving a detailed statement of actual expenditure.

(2.) The charging of a living allowance when on board ship.

(3.) The payment of certain tips.

(4.) The charge for a trunk, rug and shawl-strap.

Dealing with these objections in order, I would in the first place admit that at the time of the passing of the Order of September 10, 1898, which granted me the living allowance, I was, as the Order says, 'in attendance upon the British Commissioners at Quebec,' but these words are merely a part of the preamble, or explanation of the business on account of which the allowance was granted. The per diem charge is, by the Order, allowed, not during the time of 'attendance at Quebec,' but during my absence from Ottawa on the 'aforesaid business.' This business did not terminate when the commissioners left Quebec, but was continued in Washington. I have not heard of your raising any objection to the $10 per diem allowance which I charged during my stay in Washington, yet you ought to have done so if, as you now seem to argue, 'attendance in Quebec' are the governing words in the Order.

Again, the business which took me to England was a direct continuation of the 'aforesaid business.' I went in attendance upon one of the British Commissioners on business of the Commission. If this business was not commission business, why have you permitted payments to me and to those with whom I went on this journey, on account of our expenses, to be made out of the money which Parliament voted for the purposes of the commission?

Secondly, as to the charging of the allowance for the time I was on board ship, you quote against me the Order in Council of November 10, 1886, which provided that the per diem allowance should not thereafter be paid for days spent on board steamers if the passage money included meals and all other accommodation. To this I might, in reply, cite the opinion of the Minister of Justice, dated December 7, 1891, to the effect that, in so far as particular Orders in Council differ from general ones, the former, and not the latter, are to be considered as the authority for the expenditure. I might also cite by way of precedent many instances where the per diem allowance granted by particular Orders in Council has been paid for the time on shipboard. It should, however, be sufficient for the present purpose to point out that the Order of November 10, 1886, upon which your argument and your demand upon me for a refund, rest, has actually been repealed (although you explicitly assert the contrary). In this same letter you refer to the Order of February 6, 1893, and give what purports to be its meaning. It is rather strange that, with this Order before you, you should not have been careful to verify your reference to it. It does not provide for the repeal of 'all previous Orders granting allowances,' as you say, but for that of 'all previous Orders relating to' allowances, which I imagine is a very different thing. (I quote from your report for 1898, page A—11.)

Thirdly, as to the tips to servants, I have not at present anything to add to what Mr. Pope has said in his letter to you of June 20 last, in which he shows the reasonableness of such charge, and set forth some of the precedents for it.

Fourthly, as regards the charge for trunk, &c., you say 'no such charge is ever passed,' and tell me to refund the money. I believe I am entitled first to ask you why such charge is never passed, and consequently cannot be passed in the present case. Is it not a necessary and reasonable moving expense?

Again, although I maintain this to be a just and proper charge, and therefore not requiring the support of precedents, I would point out that such charges have been passed, and for an instance beg to direct you to page H—45 of your report for 1899.

In conclusion, I may perhaps be permitted to add that I made the $10 per diem charge on the statement of the Premier, repeated to me by Mr. Pope before we sailed, that the Order of September 10, 1898, would apply. But, without this, it appears to me that the meaning of the Order in Council is clear enough, and does not justify the demands you make upon me.

I am, sir, your obedient servant,

The Auditor General. W. F. KING, *Chief Astronomer.*

AUDIT OFFICE, OTTAWA, January 18, 1901.

SIR,—I have been unable before to answer your letter of October 20 regarding your living allowance while in England in connection with International Commission business.

I did not raise any objection to your living allowance at $10 a day during your stay in Washington. You were then, as I supposed, in attendance upon the British Commissioners to the International Conference, the place of meeting of the Conference having been changed from Quebec. I assumed that the argument for the unusual allowance for living expenses was mainly the increased outlay for such expenses which was due to the attendance on the Conference, no matter where it sat, and that there could be no possible ground for asking the Ministers to again take up the question

when the place of meeting was Washington instead of Quebec, the former city being in all respects more expensive than the latter.

Your business to England was, I take it, Commission business, and your expenses should therefore have been charged to the Commission. With reference to the amount which should have been charged, my objection is that you were not in attendance on the Commission and therefore that your expenses would not necessarily be any greater than if you were called to England for any other business.

When you quote the opinion of the Minister of Justice of December 7, 1891, you forget that in my contention there is no Order in Council is support of this payment to you, and therefore it does not repeal the Order in Council of November 10, 1886.

I do not recollect of a payment, for the time on shipboard having been made, unless it was either specifically covered by an Order in Council or I was overruled on appeal.

The use of "granting" instead of "relating to" is strange, but, perhaps, not quite so strange as you seem to suppose. The verification of the verbal accuracy of everything that is brought to the head of an office is difficult.

It still is my opinion that the Order in Council of 1893 would not be considered by a skilful interpreter of legal documents as having repealed the Order in Council of November 10, 1886. It would plainly make no practical difference whether it had or had not, as long as the Order in Council of 1893, remained unamended. Under a special amendment of the Order in Council of 1893, the case being one where part of the travelling is on shipboard, the Order in Council of November, 1886, comes, in my view, into operation.

I do not object to the reasonableness of tips. On the contrary it is not fair to travel now without tipping within moderation. We have only to consider how servants are paid to see this. What I objected to was that the person who received about $200 with no outlay except about $20 in tips should not pay the $20 out of the $200 instead of calling upon the country to pay that amount as well.

My objection to passing charges for trunks, &c., is that these belong to the individuals and not to the Government, and that the cause of the expenditure is usually only in a very small part the Government's business. The charges to which you refer in my report of 1899 escaped my attention. They should not have been allowed. They really were not passed in the technical sense. An account of the disbursements was returned and the irregular payments were not noticed.

With reference to the statement of the Premier to which you refer, it must either have been inadvertently made or have been intended to convey that he would move the Council to favourably consider the claim. It is clearly a matter which can be effectively dealt with by the Governor in Council alone, in the first instance, and afterwards by the Treasury Board if I should not see my way to pass the charge.

While I here follow what appears to me to be the only safe course, that of dealing with each item of public expenditure on its own merits, I cannot deny myself the right of saying that it is often my very unpleasant duty of opposing, as in this case, a small claim for travelling expenses, while I feel that a much larger claim for important services well performed ought to be recoguized in fixing the regular salary.

I am, sir, your obedient servant,

The Chief Astronomer, Interior Department. J. L. McDOUGALL, *A.G.*
